## WENDY'S WISDOM

I recently participated in a workshop to design the new CYMHS service now that the move to the Lady Cilento Hospital is growing closer (November). CYMHS is the Queensland Department's Youth Mental Health Service. As a starting activity we were presented with a selection of post cards and asked to select the one that best suited how we view our place of work and our place in it. There were lots of postcards and yet I managed to make the fastest selection – not because I wanted the activity to pass quickly but because there was a postcard with a bright bird on it, cogs and wheels within – and the words 'We'll show you things you've never considered'. It caught my eye because I thought it reflected innovation, creativity, new hope, excitement and fun. Task completed, we discussed our reasons and got stuck into what was a detailed piece of work (ongoing). Imagine how I felt when at a slow point in the proceedings I turned that postcard over and read – NYSF is unique in Australia – True comment. The card I selected was one that can be used to advertise opportunities to nominate for Rotary's NYSF - Celebrating 30 years. The young people we meet do seem to reflect the reasons I chose the card. Hope we are nominating participants again this year. Talk with Lindsay about it.

## News from the Pilgrim Walk

Close to half way and going well. And may I say the French cheese and wine industries are wondering what hit them as we graze our way through the country. Weeell, I've got to keep my energy up!!!! The flowers of spring are starting to come out and beauty abounds. Walked through a hail storm yesterday, that was interesting. Loving it. Spotted a Rotary statue on my walk – Rotary is stalking me!!! Yvonne
