LINDSAY'S LINES

This week really reminds me that Rotary is truly International.

Our Danish Youth Exchange student Emilie Damo, in her first week with us, has already seen the beaches of the Gold Coast, helped out at CPL's "Picnic in the Park" at Roma Street Parklands, started at her new school, St James College, and will be joining us for breakfast this Thursday. This coming Sunday, come and join with Emilie in a more relaxed environment on the banks of our marvellous river under the Story Bridge at Captain Burke Park.

On Monday night I attended the changeover dinner for South Brisbane Rotary to witness an associate of mine inducted as President, having moved from RC of Port of Brisbane to do so. I spent my teenage years associated with this club as my Dad was a member in the 1970's and President when he was transferred to Sydney in 1979. What I marvelled at were service projects that have stood the test of time blended with new initiatives, both local and international.

Our speaker this week, Adele Rice, has vast experience with students at Milpera State High School who are recently arrived migrants or refugees from a non-English speaking background.

And, with great pleasure, I will be inducting into our club, and hence Rotary International, Wen Zhang who is originally from China and Lyn Madley who is from Canada.

Just love living here and being a part of Rotary.

Another positive story

One of the things I love about Rotary is the ability to bring people together for the greater good.

Some of you may recall supporting Bric Housing by donating items ranging from shampoo and toothpaste to irons and towels to assist with the transition to permanent housing for people who had been homeless or at risk of homelessness.

I got news through the week of a deal that had gone down between Bric Housing and Canegrowers. Nothing sinister and 3 loads of furniture later a lovely email was sent from Bric Housing to Ron saying thank you. Its lovely to see members who remember the relationship beyond the clubs involvement. Here's hoping we can keep these great connections coming!

OSCAR

NYSF

(National Youth Science Forum)

Conducted in Canberra since 1984, NYSF is run over two-week sessions each January.

Students are chosen in Year 11 to attend just prior to entering Year 12. Attendees interact with experts, staff and 150 other students to develop their passion for science. One of the great successes of NYSF is that it is run by students for students, with the 14 staff at each session being only one or two years beyond Year 12.

G'DAY EMILIE!

Emilie arrived safely to the largest welcoming committee of all the students. By the sounds of things she is settling in but has been very busy getting organised with school.

My sources tell me she spent Thursday getting bank accounts and SIM cards

sorted and then visited her school, St James College at the Valley on Friday to pick her subjects and buy her school uniform.

This was a real novelty as she had never worn a uniform before. Saturday she visited the Gold Coast beaches and since the weather was not too good (she thought it was great, just like summer) and had fish and chips at Pete's fish market, up near Versace. Afterwards heading home for her to experience the first of many of Zanthia's sleepovers. Better that she finds out the bad news early!! Sunday Emilie was at CPL's Picnic in the Park meeting the local politicians (Pics to come in next weeks edition). Monday Emilie started school and survived!!! She is settling in well and looking forward to the year ahead.
