## Brad's Bulletin

We certainly are into the swing of the Rotary year with our service projects underway, with Albert Park painting underway and the fun restoration of the Forceful coming up soon. I have so many comments on how the "hands on" service projects are the real heart of Rotary and provide quality time to meet and interact with members. As well as of course providing huge value to our charities and to the community. We are really beefing up our speaker program with already some great speakers on interesting, informative topics and thanks for using your networks to finding many more fantastic speakers. Our speaker program and relaxed beautiful setting at the Marriot are draw cards to new Rotarians. Deb's membership team has a few new potential members, so more news soon.

Our first Fellowship social events kick off with Margot's famous Hamlin High Tea at Kangaroo Point, where she serves up the legendary Aperol Spritz cocktails plus Prosecco and Greg Cooley's rose. Please confirm you and your family and friend's availability for Angela's Brisbane River Fire dinner at the Maritime Museum. Please support Frank's Sound of Musical's concert at Redland Bay this Saturday night.

The Youth and Leadership team have also re-engaged with the talented St James School College with the students putting on a lavish breakfast spread this Thursday morning. We have had a great club response including from Rotary Brisbane and New Farm clubs, including Councillor Vicki Howard. State member Grace Grace sends her apology as she is away, but keen to be one of our speakers at soon.

Lastly, congratulations to Rotary Toowong's President, Peter Turner, who has arranged discussions between Toowong and our club to call eleven of our Western Qld outback Rotary clubs to determine their support for the H2O Westward project. This is to run water from the east to specifically grow hay in the outback to drought proof farmers. Will report back on this initiative soon and another great example of Rotary connecting the world.

Warm regards  
President Brad

## FUTURE GUEST SPEAKERS

Brad has laid down the challenge by using his aviation network to find four outstanding speakers. We can look forward to Alan Joyce, CEO of Qantas; Paul Coughlan, Project Director Brisbane Airport New Runway Project; Peter Cock, Newcastle Airport CEO; and Professor Gui Lohman, Head of Griffith Aviation School. Use your network to also source great guest speakers to help raise the profile of our Club. If you have someone in mind, let Andrew Albury know so they can be slotted into future vacant spots.

## LAST WEEK'S MEETING

Last week Weston Bruner from UQ Fundraising spoke to us about the future of Universities in Australia. It was a very informative talk and he only got to brush the surface, so has promised to return. We had a number of interesting guests and prospective members. One of our guests was Ann Rebgetz, Principal of St James College, who will be hosting us this week. She appears in the photo below in the pink sweater and scarf. Rob did a great job as sergeant.

## WESTWARD H2O STAKEHOLDER MEETING

Photo of our Westward H2O stakeholder engagement meeting involving Rotary clubs of Toowong and Brisbane High Rise, led by Toowong President Peter Turner. The project plans to pipe enough water from already constructed dam sources to western nodes where hay is grown and stored. It involves our Rotary clubs calling eleven Western Qld towns Rotary Club Presidents, Country Women Assoc and Chamber of Commerce orgs. Thanks to BHR members John Ker, Rob O'Donovan and Brad Richardson for volunteering. Rotary connecting the world.

## BARB'S JOKE CORNER

April teaches many aerobic classes. She told a lady who was looking to sign up for the class to wear loose-fitting clothing to the class. "Honey," the lady replied, "if I had any loose-fitting clothing, I wouldn't be signing up for an exercise class."

**My boss arrived at work in a brand-new Lamborghini. I said, "Wow, that's an amazing car!" He replied, "If you work hard, put all your hours in and strive for excellence, I'll get another one next year."**

**I don't do drugs or drink.  
At my age I get the same effect just standing up too fast.**
