7 JULY 2022 | ROTARY FELLOWSHIPS

1 INTERNATIONAL TOAST

Today we toast the Rotary Club of Marina City - Singapore. The club meets at 12:45 PM on Thursdays. They organised a tree planting event last week in collaboration with NPARKS. It aims to plant more than a million trees across Singapore.

A BIT OF GAS FROM THE PRESIDENT – BARBARA LEDDY

Many years ago, I taught English to a little Vietnamese boy named James To. James was the son of Boat refugees who fled the horrors of Vietnam in the sixties. James loved writing stories and one day he presented me with a tale of him going to the moon in a rocket. I wrote on the bottom of this cute story, 'Exciting story James! I wonder if it is true?' 'No', he replied, 'it was in my majinashun';)

Sir Clem Renouf, a famous Rotarian, decades ago, imagined a world without polio.....his wish is almost fulfilled.

After the second world war, a group of Rotarians imagined a world of peace & their efforts ended in a seat for Rotary in the United Nations.

Rotarians from Toowong Club imagined sparkling water coming from taps in a village in PNG & John & I saw their efforts first hand & the excitement the sight of running clean water evoked in the locals.

Our own Bill Philips & his wife Noela imagined that a little school in Africa could be assisted to greatness via Rotary.

Our project at the Mamba School in Arusha lays claim to their vision.

IMAGINE ROTARY is the theme for Rotary in the year 2022 - 2023, chosen by the first Rotary International woman President, Jennifer Jones. She asks all Rotarians throughout the world to imagine to what heights & lengths Rotary can travel to achieve happiness & success in this troubled world today.

We at High Rise can continue to 'imagine big'. Next Rotary year, we, with other Rotarians, will gift Brisbane with a Rotary Art Show.

We will endeavour to help victims of domestic abuse in country areas.

We will continue to assist children from local & schools further away to aim high to reach their potential.

We will gift the Royal Flying Doctor Service with funds to continue their invaluable service to country Australia.

I hope IMAGINE ROTARY will be uppermost as we plan & proceed on our Rotary journey with our Club this year. Let's dream big! Let's imagine big! I can't help hoping that James To never let his 'majinashun' die & today, somewhere he is making a difference. He will be now in his forties!

July 7 - Goodna Street Life, Charity

Helping the Homeless with housing, health and living

Goodna Street Life is an independent charity providing housing and support for the homeless and vulnerable people in our community. Established in 2015 by a group of dedicated locals hoping to make a difference in our community, the group sought to establish a local shelter for the homeless, and people forced onto the streets.

Their charity has grown to include their Op Shop, accreditation as a Residential Service, GSL Housing services, free counselling and drug and alcohol rehabilitation support, Work programs for clients, Community Food Bank and more.

They provide crisis and long-term accommodation through their specialist homeless services at Helens Haven.

Helens Haven Motel provides crisis accommodation in a supported community environment, providing specialist care and support to assist clients to overcome barriers, and transition into long term accommodation.

As a non-government funded, independent charity they rely on fundraising and donations to provide their services. You can support the work they do in the community by making a donation, purchasing goods from their Op Shop or supporting their fundraisers.

Rotarians Out and About

Paralympian Rowan Crothers OAM and Dolphin leader Katja Dedekind made history in Portugal at the World Para Swimming Championships, with four other Aussies claiming medals.

A photo of when Angela caught up with Jack Baldwin in London for breakfast just before the State of Origin match. The Club is sponsoring Jack for a Rotary Scholarship to complete a course of study in International Treaties at Oxford. Russell worked hard with Jack to finalise the application by the 30 June deadline.

The Circuit Breaker course is somewhere that hundreds of people have been able to find help, change and a new life. It's a ten week group based program for anyone who feels their temper is affecting the quality of their relationships.

With training and support, churches and community groups can now deliver the Circuit Breaker program in their local communities; bringing hope to people who are becoming abusive.

Facilitators of the program don't need to be counsellors or teachers. Most of them are ordinary people who take an interest in others, and step up to facilitate discussions in small groups. They do this with the strong support of a proven program, course videos, a comprehensive facilitator manual, online training and support.

You're invited to attend in person at Carindale Salvos or online, a live podcast with Matt Boulton who will share his story. To register to attend in person click here; <https://tinyurl.com/StoriesOfHope-July2022> or you will be able to find the live stream here; <https://www.facebook.com/Brycethesalvo>
