The Presidential Point:

Everyone seemed mesmerised by the talk David Bunce gave last Thursday on AI. We learnt that David's company is working on medical issues using AI very effectively that can bring up results far quicker than the current model that is being used. How wonderful it was to have one of our own to be the guest speaker, thanks David.

While on the topic of speakers if anyone knows someone who you think would be an interesting speaker one Thursday, please see Dyllys and talk to her about your idea.

Margot and her team are coming up with some great ideas for Fellowship. She is having some problems with one idea – she is planning to have a picnic to welcome Mette (our Danish Exchange Student) but as yet we haven't been given the date of her arrival.

Don't forget to book for our Rotary meeting on Tuesday 13th August at 5.45pm at the Hamilton Rotary Club which is held at the Royal Queensland Golf Club.

THE MAGIC
OF ROTARY

5:45 PM

**TUESDAY
13
AUGUST**

Bill's Travels — Bill & Eleanor Leveritt are in Vietnam and were recently in Hanoi:

This is the famous Train Street in Hanoi that you see in film clips where market traders have to move their goods every time a train goes through. But no market today, and our bus could not stop for us to take a picture. I had to take the photo through the bus window as the bus slowly drove along an incredibly busy main road. In the rain.

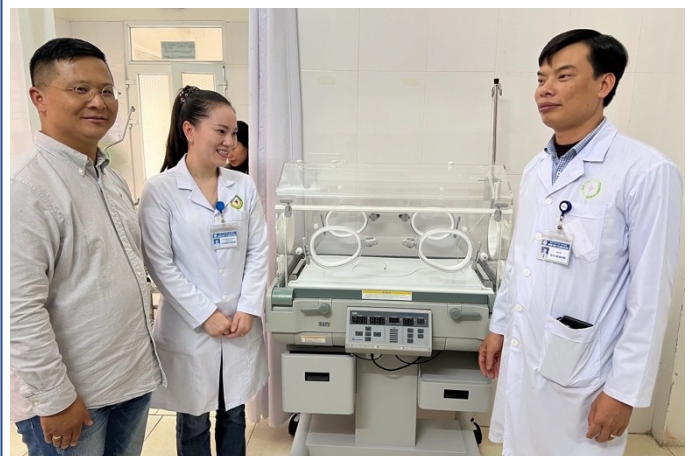

A Year Ago:

Bill Leveritt being congratulated by then President Dyls Bertelsen on achieving 35 years in Rotary

International Toast

This week we are celebrating the:
Rotary Club of Hanoi

The Rotary Club of Hanoi was established in 2021, after years of efforts by Rotary members and leaders to obtain official recognition from the Vietnamese government. The club is proud to be the first Rotary club in Vietnam, and aims to promote the values and ideals of Rotary in the country.

Last week's meeting:

Our member, David Bunce, gave a presentation on the State of Play in AI and Machine Learning in particular in regard to 3D Medical Imaging with application to early diagnosis and therefore treatment of Lymphedema:

3D Medical Imaging:

Capture 3D images of patient and build a calibrated 3D model for measuring limb/body size, circumference and volume and storing in 3D medical record structure:

1. Capture images of varying size, focal length and digital source and creating a large scale image mosaic;
2. Using proprietary algorithms, convert the mosaic into a sub-millimetre point cloud in 3D;
3. Using proprietary algorithms, fully calibrate the model and measure for length, width, circumference and volumes of the entire model;
4. Store data and images in medical records that can be accessed sequentially to show the changes in the body/limb over time;
5. Using the 3D images to become the basis for 3D visual medical records.

Upcoming Guest Speaker
12 September

Debbie Terranova

What really happened on the home-front in Australia during WWII? Based on extensive research, Debbie Terranova will reveal many little-known facts about migrants who became enemies of their adopted nation.

Her expose will cover topics such as the capture and incarceration of migrant men, women and children in Australia, the transportation of British war prisoners and internees to Australia, snapshots of life and love inside the family camps at Tatura, and some of the secrets that sealed lips for a lifetime.

Debbie is a writer, researcher, and former human resources professional who lives at St Lucia. Over the past ten years, she has published four novels. The most recent are 'Enemies within these Shores' and 'The Bootmaker of Berlin' about WWII in Australia.

OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- 1** The development of acquaintance as an opportunity for service;
- 2** High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- 3** The application of the ideal of service in each Rotarian's personal, business and community life;
- 4** The advancement of international understanding, goodwill and peace through a world fellowship of business and professional persons united in the ideal of service.
