+With a new partner Asian Fire Service Association

The Future – Saving More Lives

In 2020 the Trustees prepared a business plan setting out future direction of travel

➤ **Our Key objectives and Goals were**

- **To increase the water provision from 50,000 to 100,000 people per year (this would equate to 2.45 billion litres of water)**
- **Increase our delivery partner network across the globe**
- **To Raise our profile within the community and the corporate world**
- **To (recover) and increase our revenue from £200k to £350k pa**

The Business plan 2020 to 2025

➤ **To Raise our profile within the community and the corporate world**

➤ **Increase our reach through an expanded ambassador network and broaden the skills of the management team**

➤ **Expand our community programme into schools, universities, churches, youth organisations etc**

➤ **Engage with and enlist the support from the corporate sector- especially local companies and in the water industry**

➤ **Harnessing the power of social media networking and publicising our positive environmental impact**

WHAT NEXT?

- Moving into our new depot – **'Hq0'** has given us good facilities and for the operations with room to expand
- 30th Anniversary – stage fundraisers such as **AQUABOX Walks For Water**
- Rebuild our networks - Rotary and corporate and expand our partnerships

SAVE MORE LIVES
