

ROTARY CLUB of MINNESOTA VETERANS

VETS SERVICE DAY

“Four Collection Drives”

THURSDAY January 27, 2022

The Four Collection Drives include Blood, Clothing, Food, and Electronics recycling.

BLOOD DRIVE

Save a Life. Give a pint this fall.

Our 8th vets blood drive. Thursday, January 27, 1:00-7:00pm at **St Peter's - Edina**, 5421 France Ave S, Edina, MN 55410.

While all appointments slots are filled, keep watching because there are cancellations. Use Sponsor code: **RotaryMNVets** to check. Also, *please check if you can do a walk-in donation when you drop off other drive items from 1:00-7:00pm.*

CLOTHING DRIVE

Winter is here. Share gently used clothing with vets! ***Any type, gender, or size of clothing and shoes are acceptable. Also, needed cold weather gear, backpacks, sleeping bags.*** The drive supports Every Third Saturday. Our three previous drives netted clothing to fill four med-size SUV's. *Thank you! Thank you! Thank you!*

NON-PERISHABLE FOOD DRIVE

Our club vets delivered scores of “Welcome Home Kits” last year and have continued making nearly weekly delivers this January. Welcome Home Veterans have done an amazing job building kits containing many of the items needed to have a fully functioning kitchen, bath and bedroom including three bags of groceries. ***How can you help? Support the Food Drive by sharing some non-perishable groceries to help a vet get started in a new home.*** See items in photo below – what’s in short supply: the food.

SMALL ELECTRONICS RECYCLING

Our fourth drive for small electronic recycling is coming up. Bring **old cell phones, PDA's, GPS's, digital cameras, gaming systems and controllers, laptops, tablets, e-readers, MP-3 Players, ROKU, etc.** Devices are erased for your privacy and safety by RTR Recycling. *Your participation is greatly appreciated.*
