## End Human Trafficking

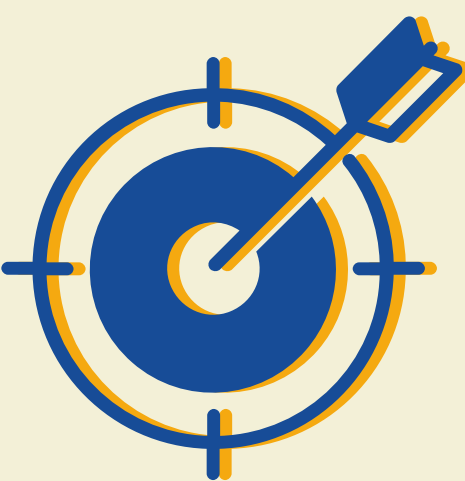

The Rotary Club to End Human Trafficking is a non-profit organization made up of members from all over the world.

We began as a passion project in 2017 by Rotarians Karen Wallowski & former District Governor Tom Gump of Rotary District 5950.

The club started to educate and spread awareness of human trafficking in modern society and sparked the creation of other clubs and organizations that are working together to educate audiences worldwide.

### OUR MISSION

The mission of the Rotary Club to End Human Trafficking is to end the humanitarian crisis of human trafficking by working with others around the world. We aim to raise awareness, educate children, youth and communities, reduce risk factors that make different communities vulnerable, and stop the demand for human trafficking.
