

Rotary Club Ending Human Trafficking

SPEAKERS POLICY

Introduction: The meeting speaker should align with the club's goals and strategic plan as outlined by the Board.

The club will not pay for speakers. Exception requests to this rule may be submitted to the board for case-by-case review.

We currently hold meetings online using Zoom.

We ask that our speakers abide by the following:

- Presentations should refrain from promoting a specific business, its services or products, and there should be no type of solicitation for a financial or in-kind donation or a request to purchase products or services. It is acceptable to talk about your business/organization and its services; it is not okay to make a "sales pitch" or directly solicit donations.
- Personal, political, or religious messages are not permitted.
- Please refrain from promoting anything that might suggest fund-raising for whatever the excellent cause might be. (Rotary's fundraising and allocations are budgeted line items.)
