# Parliamentary & Congressional Resolutions

## May 2022 – European Parliament Resolution on the Reports of Continued Organ Harvesting in China

- Requires that the Chinese authorities grant open, unfettered and meaningful access to the UN High Commissioner for Human Rights and the mandate holders of the special procedures of the UN Human Rights Council to visit Xinjiang; asks the Chinese Government to cooperate with the UN organisations on this matter; urges the UN Human Rights Council to deal with the issue of forced organ harvesting as a matter of priority.

## April 2021 – State of Texas passed resolution TX SCR3

- Strongly condemns China's practice of involuntary organ harvesting, and encourages the medical community to educate Texans about the risks of travel to China for organ transplants to help prevent Texas residents from unwittingly becoming involved in murder in the form of forced organ harvesting from prisoners of conscience.

## May 2020 – The Belgian Senate passed resolution S. 7-162

- Condemning the continuing practice of forcibly removing organs from prisoners of conscience in the People's Republic of China, particularly from Falun Gong supporters and Uighurs.
