TriCon PolioPlus Silent Auction

An Invitation to Support Rotary's Vision: Eradicating Polio
Making a donation to our Multi-District Conference Silent Auction is a way to
Support your local Rotary Club, Showcase your business, and Help eliminate polio worldwide.

Why Your Support Matters

What is Polio? Polio is a highly infectious disease caused by a virus that spreads primarily through person-to-person contact. It can lead to paralysis and, in some cases, death. **A Disease We Nearly Defeated** Polio was once one of the most feared childhood diseases in the United States. Thanks to vaccines introduced in 1955, cases dropped dramatically - from thousands to just 61 reported cases by 1965. **Why We Still Care** Although polio has been eliminated in the United States, it has not been eradicated globally. The virus still exists in parts of the world, particularly in Pakistan and Afghanistan. As long as polio exists anywhere, it remains a threat everywhere. **Prevention is the Only Cure** There is no cure for polio, but it is preventable through vaccination. The inactivated polio vaccine (IPV) protects children and communities from this devastating disease.

The Impact of Your Gift For every $25 we raise, the Rotary International's PolioPlus program partners triple match it and it can help protect over 120 children. Together, we can finish the fight. *Rotary and its partners have helped immunize more than 2.5 billion children in 122 countries, reducing polio cases by over 99%. https://www.rotary.org/en/plus-polioplus*

Join Us. End Polio Now.

Donor Completes >> Date: _____ Donation: _____ Value:_____

❑ Email / Call Rotarian when ready ❑ Rotarian will pick up on or before April 2, 2027 ❑ Other Arrangements_____
