

# Rotary District 5010

District 5010's Leadership Lab is an **advanced learning hands-on leadership experience**. It is **designed for members interested in expanding their knowledge about Rotary, seeking a venue to refine leadership skills or find new leadership strategies to apply in all aspects of their lives.**

The Lab is especially applicable to those who may wish to participate in future Rotary leadership positions in their clubs or in other avenues of Rotary service, or find effective methods and tools to more effectively conduct Rotary work and lead others for higher-impact outcomes. This 8-month series of online and hands-on learning topics and tools is conducted from September through April and includes optional group sessions. It can be conducted at your own pace.

Participation is open to all Rotarians who are considering Rotary leadership positions now or in the future. Presidents elect are especially encouraged to enroll in the Lab as an important step in their preparation to serve as club presidents.

## Who Should Participate?

- Presidents elect
- Presidents nominee
- Past club presidents who would like to become involved in Rotary leadership or other opportunities outside the club

*In addition, Rotarians who:*

- Are considering a club leadership position in the future
- Want to learn more about Rotary and its programs, and would like to be more involved in its work in local and world communities
- Would like to enhance personal and professional leadership skills for application in any part of their lives

Participants are nominated by their clubs or district leaders, or may be self nominated and confirmed by their clubs.

## The Benefits

In addition to the personal and professional benefits to the participants, clubs will find that the work of the Leadership Lab participants will strengthen and energize the entire club. It will motivate other members to take on new Rotary challenges and provide an enthusiastic leader who brings new ideas and strategies to strengthen the club.
