16. ADDENDUM

PREAMBLE:

District 5040 is a legally incorporated entity, known as “Rotary International District 5040 Inc.”. It is governed by a Chair (CEO/DG) and Board of Directors, who are accountable to the Rotary clubs in the District. The By Laws are available on the D5040 Website. District Policies are required to be compatible with our By Laws; in any conflict, the By Laws of Rotary International District 5040 Inc. will prevail. Any references in this document to “District 5040” or “D5040” refer to “Rotary International District 5040 Inc.”.

Bylaws are a legal requirement of an incorporated entity and are approved at an Annual General Meeting and then filed with the Government of Canada. Policies describe the required structure and actions to implement organizational goals and are approved by the District Board. The Addendum to this document provides procedural detail on how policies are to be carried out.

In order to establish district procedures and to provide an orderly system of maintaining records, actions and resolutions of District 5040, this policy is approved and amended as required by the Board of District 5040. The policy shall be used as a guide for District Governors, District Committees, and Rotary Clubs concerning all matters relating to the District.

The policies and procedures of Rotary International are set forth in the Manual of Procedure and Code of Policies of Rotary International. The District Governor, in conjunction with the Board, for District 5040 shall be authorized to amend any section of the district policy to conform to Rotary International legislation, or the requirements of the Bylaws of District 5040. Every club shall be notified of significant changes that affect the clubs.

1. AMENDMENTS TO DISTRICT POLICY

Resolutions proposing to amend the policy of District 5040 may be submitted by:

- any Rotary club in the District, such resolution having been adopted at a general meeting of the club, or by the Board of Directors of the club at a regular meeting.
- any District Committee, such resolution having been adopted by a majority of the members of the committee.

Proposed amendments are submitted to the District Governance Chair for review and comment, prior to going to the District Board for approval.

2. ORGANIZATION OF DISTRICT 5040

2.1 District 5040 Incorporation

In order for district youth programs to be certified by RI an incorporated entity was required. District 5040 decided to incorporate the district rather than the Youth Exchange program. The terms of incorporation of the district were approved by RI and registered with the Government of Canada.

Download [extract from the Canada Gazette](#) referencing the Incorporation of Rotary International District 5040 Inc.

2.2 The Board of District 5040 Inc

The directors of the Board of District 5040 Inc. comprise:

- The Treasurer of District 5040
- The Immediate Past District Governor of District 5040

Such additional directors (at large) shall be announced and confirmed by vote at the AGM of District 5040 on the recommendation of the District Governor Elect as prescribed in the District 5040 Bylaws.

In addition, the District Governor Elect shall, before July 1st of their year, appoint or re-appoint Assistant Governors who will each be responsible for a regional grouping of clubs. Such appointments are normally expected to last for a three-year period.

2.3 Governor Team - District 5040

District 5040 is governed by a Chair and Board of Directors. The Governor Team provides the operational leadership in the District, together with the Board of Directors, to ensure both a strategic and consistent approach to District leadership.

- Maximum backup in situations where experience and support are needed
- A team approach with a long-term view and consistency
- Efficient in operation with minimum re-invention

Every effort will be made in all succession planning to have representation from all geographical areas of the district.

2.7 District Committees

District Committees are responsible to develop initiatives that support club and district activities and functions. Where appropriate, committees work with the governor and assistant governor before and during their terms to establish district goals and check on their progress towards achieving them. For more information, please refer to the Policy Addendum.

The main committees in this section are those recommended by RI, and/or those deemed appropriate based on experience. The establishment of additional committees and subcommittees is

at the discretion of the District Governor and Board of District 5040 in consultation with the appropriate chair.

In the case of a Committee position becoming vacant, the District Governor, or Committee Chair as appropriate, shall appoint a District Rotarian in good standing to fill the vacancy for the remaining term of the appointment.

The District Governor shall, prior to assuming office on July 1, appoint Chairs for the following District committees:

Annual Conference

District conferences are an opportunity for clubs to exchange ideas and showcase their achievements. The District Conference Committee plans and promotes the conference, recommends the district conference venue, makes logistical arrangements, publicizes the conference to the media, community leaders, beneficiaries of club service efforts and provides a relevant, motivational, and informative program. An AGM shall be held annually and may be held in conjunction with the Annual Conference. See the AGM Agenda and AGM Voting Procedure in the Policy Addendum.

Communications/Public Relations

The committee includes internal and external communications, public relations and public image which includes branding.

Crisis Management

The Crisis Management Committee is chaired by the District Governor and includes two past district governors and the Public Relations Chair. The Committee must be notified and consulted about any unforeseen events that occur within a club before the club takes any specific action or provides a response to any media. The Committee will advise the Club President and Board on next steps and protocols so that there is a planned response that should protect all stake holders. The Committee will consult Rotary International as needed and if there is any reputational risk or negative impact on Rotary. For additional information refer to District 5040 Policy Addendum.

District Governance

This committee ensures the district has appropriate bylaws, policies and procedures in place to guide the operation of the organization in a legal and ethical manner and in line with the RI and District Bylaws and Policies. The committee provides support to the Board in reviewing and updating existing governance documents as required. This committee may call on subject matter experts as required.

The committee shall consist of a minimum of three members, ideally serving a staggered three-year term with the possibility of reappointment. Members should be knowledgeable about RI's constitutional documents and election procedures. The committee is chaired by a Past District Governor.

The DG Team/Board must liaise with the District Governance Committee on any matters related to policy prior to taking a decision. The DGN will be a member of the committee.

District Nominations

The District Nominating Committee shall be made up of the District Governor Elect, the District Governor Nominee, the two most recent Past District Governors, the IPDG being the chair, and one Assistant Governor who is a member of a club in District 5040. The Assistant Governor member will be appointed by the District Governor Elect on or before July 1st and will be a member of the committee for one year only unless reappointed by the following District Governor Elect. See District Nominations in the Policy Addendum.

Finance

The Finance Committee is an advisory body for financial management of the District. The committee may request or be asked to review and advise on financial issues in District 5040 and on matters that could have a financial impact on the District.

The Finance Committee shall comprise a Chair and no less than 4 additional members, who shall be appointed by the Chair. All members shall be expected to remain in position for 3 years and should comprise at least one active PDG. The District Treasurer shall be a member.

The committee will be responsible for recommending policy for, and overseeing, all aspects of the District's financial management and obligations. All such policies are subject to approval by the Board of D5040.

Friendship Exchange

Rotary Friendship Exchange lets Rotarians in one part of the world experience life in another country or culture. Through person-to-person connections across national boundaries, international understanding and goodwill are advanced. Participants may travel as individuals, couples, families, or groups, and may be Rotary members or not.

Learning and Development

The Learning & Development Team is responsible for providing leaders the knowledge and skills they need to lead their clubs and the district with passion and confidence and to educate all Rotarians about the Rotary organization, its programs and activities.

The L & D Team includes a chair, trainers for each of the District Governor (DG), District Governor Elect (DGE) and District Governor Nominee (DGN) plus chairs of district committees with some training responsibilities and other positions as required. Each trainer is appointed by the DGN and works with them during their years as DGN, DGE and DG.

Membership

Under the direction of the governor, the committee will identify, promote and implement membership strategies that will result in membership development and growth and the formation and support of Rotary and Rotaract clubs within the district. See Attendance Tracking in the Policy Addendum.

Past District Governor Advisory

An Advisory Committee for district leadership, comprising active Past District Governors, to provide input, give support and assist in planning activities from time to time. The committee may be asked to provide input on important matters in the district. The Chair of this committee is the Immediate Past District Governor.

Peace

The District Peace Committee provides an overview and leadership of the District's priorities in Peace development, acts as a catalyst for District and club initiatives that contribute to peace-building, and promotes coordination and collaboration within and beyond the District.

Rotaract

A Rotaract club is a Rotary club-sponsored organization of young adults, whose purpose is to provide opportunity to enhance the knowledge and skills that will assist in personal development, to address the physical and social needs of their communities, and to promote better relations between all people worldwide through a framework of friendship and service.

The district Rotaract chair and district Rotaract representative serve as co-chairs of the district Rotaract committee. District Rotaract chairs are Rotary members appointed by district governors. A district Rotaract representative is a Rotaract member elected by clubs in their district. They work with committee members to support Rotaract clubs, ensure that club information is up to date, plan leadership training events, and coordinate district service projects.

The Rotary Foundation (TRF)

This committee educates clubs about the Foundation and inspires them to support its programs and fundraising activities. Responsibilities also include authorizing the use of DDF for grants and qualifying clubs to apply for global grants.

Strategic Planning

The District Strategic Planning Committee encourages and facilitates planning by clubs and district. It provides a source of expertise, resources and experience that can assist clubs and District by advising or participating in strategic planning processes.

The committee advises the Governor team and District board on appropriate policies that apply across youth programs, especially including those related to youth protection. The Committee promotes participation in youth programs by clubs and provides information and advice to clubs as appropriate, including the necessity for oversight and supervision of youth under the age of 19 years.

3. DISTRICT FINANCIAL MANAGEMENT (See the Policy Addendum for additional information.)

District Treasurer and Signing Officers

The District 5040 Treasurer shall receive and deposit all funds and make all authorized disbursements. The Treasurer shall cause to be kept books of account on all funds coming under their jurisdiction. This should include, but not be limited to, District Youth Exchange, District RYLA and District Conference.

On retirement from office, all books of account and any other property of the District in the Treasurer's possession shall be passed to the new Treasurer as soon as appropriate and possible, in order to maintain the ability for the new Treasurer to fulfil their obligations.

At the expiration of their term of appointment, normally expected to be three years, the Treasurer shall be eligible for reappointment.

Operating Budget and Financial Review

An annual budget for general district funds for the next year shall be prepared by the District Finance Committee and District Treasurer in cooperation with the District Governor Elect and with input from Committee Chairs, as required. The Draft Budget shall be sent to incoming Presidents no less than 30 days prior to the AGM.

The budget shall be recommended for approval at the AGM of District 5040

Per capita dues shall be set at the AGM by a vote of the majority of the electors present and voting.

The General District Fund

Provides such expenditures as shall be authorized in the budget approved at the AGM of District 5040.

May provide for supplementary expenditures, not necessarily provided for in the budget, which may be approved by the Board upon the recommendation of the District Governor and review by the Finance Committee.

The Board shall hold a specific amount as "Restricted Funds". The funds are held for use in the event that the District has been, or is to be, wound down or for some extenuating circumstance and any such use would have to be approved by the Board.

Provides for such other expenditures as may be required by virtue of Rotary International policy and requested by the District Governor and Board of D5040.

District Conference Fund

Provides financial support for the district conference program.

The conference shall plan to operate without incurring either a surplus or deficit. If a deficit occurs the loss will be covered by the District following approval by the Board.

Within 90 days after the Conference the Conference Committee chair shall submit to the Immediate Past District Governor a complete financial statement. Any residue will remain in the District Conference Fund, where it will be available should a subsequent deficit need to be covered. Should the balance exceed a reasonable buffer, the District board may authorize a Conference committee to operate with a planned deficit. Conference surpluses shall not be used directly or indirectly for legacy projects. If a conference legacy project is desired, it must be funded separately, possibly with a line on the registration form describing the project and requesting an optional donation.

Within 30 days after the conference, the governor or Conference Chair, shall prepare a report of the conference proceedings and send it to the RI General Secretary and each club secretary.

Additional District Funds

Youth Exchange and Rotary Youth Leadership Award (RYLA) are two additional funds included in the District Operations Budget. These programs are expected to operate on a break-even basis over time. An appropriate carry-over balance may be retained from year to year; pricing should be adjusted if that balance becomes too large or too small.

Under the oversight of the District Treasurer, Youth Exchange and RYLA may each have a program treasurer to maintain the records for the annual expenses and revenues and submit financial reports to the District Treasurer quarterly for regular reporting to the District Board.

Source of District Funds

Dues from clubs in the district based on a per capita amount approved each year by the AGM of District 5040. In addition, this amount will also include the allocation made by RI for the District Governor to fulfill their duties during the year.

Any surplus arising from the District Conference.

Income arising from the investment of funds not required for immediate commitment or expenditure.

Contributions, donations, grants or bequests made by clubs or individuals for designated or general purposes.

4. EVENT REGISTRATION CANCELLATION POLICY

It is understood that circumstances may arise that require cancellation of registration for District 5040 sponsored events. Please read the cancellation policy for District 5040 events before registering. The cancellation policy for each event is set based on contracts with hotels, venue hosts and the need to print training material. Each district hosted event may have a different cancellation policy please ensure you fully understand the policy before registering.

Due to financial obligations for conferences, seminars and other events sponsored by District 5040 there is an administration fee for all canceled registrations. Each event will have a different administration fee.

The amount of reimbursement above the administration fee will be established for each event. Normally the amount of reimbursement is lower closer to the event. If the registrant does not attend the event without providing written notice (no-show) all fees will be forfeited.

All fully paid registrations may be transferable to other Rotarians or non-Rotarians if they are qualified to register for the event or seminar. Transfers must be made by the registered person in writing to the registrar of the event. Details must include the full name of the replacement person, their title, contact phone number and email address.

For more information contact the registrar for the specific event as listed on the registration form.

Thank you for understanding, District 5040 will try to accommodate Rotarians who find it necessary to cancel registration for district events within these guidelines.

5. EXPENSE REIMBURSEMENT

District 5040 reimburses expenses for District leaders incurred as a result of approved activities in their district position. The Finance Committee reviews the policy from time to time, and sets rates as appropriate, for approval by the Board. A separate document is published on the District Website (About Us/District Policies) and in the District Policy Addendum with these details, which are incorporated into the policy of the District.

A DGND, DGN, DGE or DG, may choose to discharge their Rotary duties accompanied by their spouse, partner or companion other than a spouse. Eligibility for partner or companion expense coverage may be approved by the District 5040 Board of Directors. The partner or companion must have agreed to take an active support role for the full governor journey of approximately 3.5 years. See Note 6 in the District Reimbursable Expenses for details.

It is not a requirement for a person on the governor journey to have the support of a spouse, partner or companion.

6. DISTRICT AND CLUB ELECTIONS

DGND election guidelines are distributed by the district governor to Rotary clubs at the time of the official call for nominations.

A fundamental principle of all Rotary elections is that the best qualified candidate should be selected for service in elective offices. The RI Bylaws prohibit any effort by a candidate, a candidate's supporter, or any Rotarian to influence the selection process in a positive or negative manner, including, but not limited to, campaigning or canvassing.

For all Rotarians review and comply with RI's election guidelines as explained in RI Bylaws and the Rotary Code of Policy.

Avoid any actions designed to gain visibility, publicize candidates' names and achievements, or give anyone an unfair advantage over someone else.

7. INSURANCE

All clubs are required to have liability insurance which is provided through the District 5040 group policy.

The plan provides increased coverage and is priced on a per member basis rather than per club. Consequently, it's much easier for smaller clubs to acquire insurance coverage. The plan will be reviewed each year and the goal is to improve the insurance package whenever possible.

See District website for details on annual coverage, forms and additional information.

8. PRIVACY

Rotary International District 5040 respects the privacy of personal information collected from Rotarians and other individuals. No personal information will be released to any person or organization other than for the use of the administration of Rotary International and District 5040 without the written consent of the individual or as required by law. Personal information shall be retained only as long as necessary or as required by law.

The District Secretary, under the direction of the Board of D5040 is designated as responsible for compliance with this policy. Requests for release of information shall be directed to the District Secretary.

Intellectual property and privacy rights are to be respected. Where practical photographers should

request the permission of people being photographed before taking their photograph. This is particularly important for those underage.

The following statement should be included in the registration for all district conferences, training events, fund raising events, and district sanctioned social events. Where possible the following statement will be displayed at registration desks at all club and district events.

“By registering for this event, you give Rotary District 5040 and member clubs, specific permission to publish, copyright, distribute and/or display photographic images (photos) of you. Usage shall be for displays and exhibits at official events/activities and for publication in Rotary-sanctioned print, video, or Internet publications or products. In addition, District 5040 and member clubs may authorize publication of photos in local, regional or national media publications such newspapers and magazines.”

When district 5040 or member clubs are notified by any person, that they do not wish their photograph to be used in district print or digital publications a reasonable effort will be made to not use the photograph and to remove published photographs.

9. RECORDS

Each District Committee shall prepare and keep a record of its activities, minutes of meetings, etc. forwarding copies to the District Governor.

Assistant Governors and each District Committee shall prepare and present, as required by the District Governor, a written annual report.

All District Committees shall, on a semi-annual basis, review their material on the District website and liaise with the webmaster to keep the documents current and within retention guidelines.

10. RECORDS RETENTION

The purpose of this Policy is to ensure that necessary records and documents are adequately protected and maintained and to ensure that records that are no longer needed or are of no value are discarded at the proper time.

All essential records in the custody of District officers on their retirement from office, shall be immediately archived and retained within District Records. These records include, but are not limited to: Accounting and Finance, Contracts, Corporate Records (we are a Canadian incorporated entity), Correspondence and Internal Memoranda, Electronic Documents, Grant Records, Insurance Records, Legal Files and select miscellaneous documents.

11. RECOGNITION

The District will provide an appropriate Past District Governor pin and a suitable gift recognizing the District Governor for leadership and dedication to the District and to Rotary International. The District Governor Elect in consultation with the District Secretary will have the pin and gift available for presentation at the District Conference.

Appropriate District, RI and TRF awards will be presented to individuals and clubs who have made a significant contribution during the Rotary year.

12. DISTRICT ABUSE PREVENTION

Rotary International District 5040 Inc. is committed to creating and maintaining the safest possible environment for all participants in Rotary activities. It is the duty of all Rotarians, Rotarian spouses, partners, and other volunteers to safeguard to the best of their ability the welfare of and to prevent

the physical, sexual, or emotional abuse of all persons with whom they come in contact.

13. CRIMINAL RECORD CHECKS

Any member of any club in D5040 who will be involved with Youth (under 19 years) or Vulnerable Adults, is required to submit for a Criminal Records Check (CRC), performed by the BC Ministry of Justice.

Annual General Meeting Voting Procedure:

Each year the AGM shall be held, either in conjunction with the District Conference or virtually, is an important part of the governance of the District. The input from Rotarians in the process of developing new policy and financial plans for the District is crucial.

1. A variety of documents require approval at the District 5040 AGM. These documents must be sent to the clubs thirty (30) days prior to the date of the AGM.
2. Clubs must also be sent the AGM Elector and Proxy Form. The Elector/Proxy Form must be filled out and returned to the District Secretary prior to the AGM so that a list of those voting members (electors) for each club is available at the AGM.
3. **Official Elector:**
The Club President generally votes on behalf of the club as the official elector. The Board of Directors of the club may select an alternate elector (proxy) in place of the Club President if necessary. If the club is entitled to more than one elector, as described below, the Board of Directors or club members determine who will cast the additional votes.
4. **Number of Electors allowed each club:**
As per the Rotary International Policy, each club is allocated electors at the AGM based on the number of members as of July 1, of the current Rotary year, exclusive of honorary members. A club with a membership of up to 37 members is entitled to one elector, a club with 38 to 62 members is entitled to two electors, a club with 63 to 87 members is entitled to three electors, a club with 88 plus members is entitled to 4 electors.
5. **Proxies:**
As per the RI Manual of Procedure, a club may designate a proxy for an absent elector who may

be a member of any club in the district. The proxy designation must be certified by the club president and secretary. The proxy may cast votes for an absent elector in addition to any other vote the proxy may have.

6. As required, the presented documents must be approved by a majority of club voters in Rotary Clubs of District 5040, other than changes to the District 5040 Bylaws which need a 75% approval vote to pass.
7. All Rotarians may vote on each item except on the amount of District dues for the following year where only the named electors may vote or if a call is made on any item to have electors only casting votes.
8. Clubs must be in good standing - that is all RI and District dues must be paid by May 1st. Clubs with unpaid dues cannot vote and if they do, their votes will not be counted.
9. **The AGM requires that a majority of the Rotary clubs in the district are represented at the meeting to establish a quorum, before the meeting can proceed.**
10. **It is important that club electors and any proxies attend the AGM held at the conference or virtually, to vote in person.** Club electors at an in-person AGM are given red (no), green (yes) and yellow (abstain) ballot cards to hold up for any elector only votes. During a virtual AGM, the voting is done electronically, eg. by Zoom poll. For elector only votes, the electors must be identified so that only they vote on the item.

Attendance Tracking

Rotary District 5040 no longer requires clubs to report monthly attendance on the District Website as has been District practice in recent years.

In alignment with the Manual of Procedure (MOP), each club determines their own requirements for attendance of their members.

In determining requirements for attendance, clubs should review the club constitution and bylaws and amend by laws, if necessary.

Clubs are encouraged to continue to track attendance for their own benefit, as attendance is a strong indicator of club health and to monitor the level of member engagement.
