

Global Grants District Designated Funds (DDF)

Global Grant applications are accepted throughout the year and are reviewed as they are received. They are used to support large international projects with long-term, sustainable outcomes in one or more of Rotary's seven areas of focus.

The following are examples of the benefits of applying for a Rotary Foundation Global Grant.

The added benefit of working with other clubs in our district, plus working with clubs from other districts and then getting the other district to support their club's investments with their District Designated Funds (DDF).

This results in a lower investment for all and a greater return for the community we are trying to support.
