Welcome

Thank you for your interest in our next generation of website themes. These new themes enhance viewing the website on mobile devices and can have a banner or content full width across the page below the menu.

About Next-Generation Themes

ClubRunner's new themes are based on **Bootstrap**, an industry-standard framework for building mobile and responsive sites. You can learn more about Bootstrap by visiting <http://getbootstrap.com>.

Currently there are four next-generation themes available. They are called **Millennium, Midcentury, Vision, Community and Impression**.

These themes were designed from the ground up on a new framework that is fully responsive and scales beautifully on all screen sizes. Please refer to the next four pages for examples of what these new themes look like.

Helping people with disabilities make their own music

Posted by Jennifer Billings on May 01, 2015

Music has been an important part of leading an ordinary life for students at the Music School for Children With Disabilities in Honor of Paul Harris in Lublin, Poland. Founded by Rotary members, the school serves 20 students with various disabilities, including Down syndrome, autism, and visual impairments. The Rotary Club of Lublin-Centrum-Maria Curie-Skłodowska has provided funding with help from Rotary Foundation Matching Grants and the Henryk Wieniawski Musical Society, which houses the school.

India celebrates three years without polio

Throughout India and around the world, Rotary clubs are celebrating a major milestone: India has gone three years without a new case of polio. The last reported case was a two-year-old girl in West Bengal on 13 January 2011. To mark this historic triumph, Rotary clubs illuminated landmarks and iconic structures throughout the country with four simple but powerful words, "India is polio free."

Finding Safe Haven

For years, Angalia Bianca had slept in abandoned buildings throughout Chicago. She stole. She did drugs. She spent time in and out of jail for forgery, theft, trespassing, and possession of narcotics. But after she landed in prison for the seventh time, something changed -- Bianca knew she wanted a better life. She just didn't know how to make it happen.

Saving lives in Ghana

Posted on May 29, 2015

What is it like taking a large team to Africa? It has probably been one of the most rewarding experiences in my life. In mid February, I began leading Rotary members from all over the East Coast of the United States through Ghana. I've tried to give the team a warm Ghanaian welcome like I've received on my earlier trips. A large trip is a real blessing because each person sees Ghana and our work in a different way.

How to change your theme

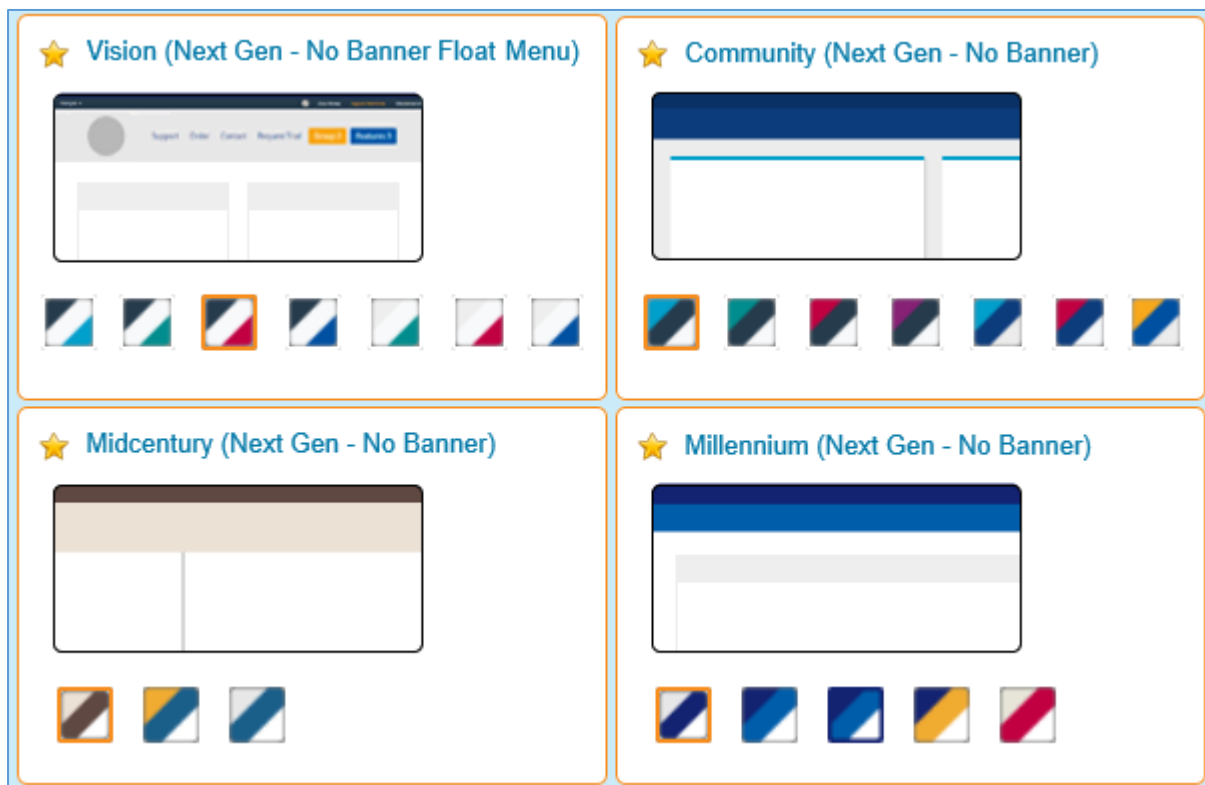

1. Log into ClubRunner and go inside of **Members Area**. Click on the **Website** tab, and then **Website Designer**.

2. Next click on the **Themes** icon on the ribbon bar.

3. On the themes page, locate our new themes and then click on the theme or the color swatch to preview it.

4. Click on the orange **Publish** button on the top right to set the theme to be used on the website.

Pick a new Content Layout

While using the one of the New Bootstrap themes, you can use our new content layouts. There are 5 new layouts available.

Please note: The new content layouts **Banner (Full Width)** does not display the full width of the page with the non-Bootstrap themes.

The five new layouts are as follows:

- Full Width Top Band above Right Sidebar
- Full Width Top Band above Three Columns
- Full Width Top Band above Left Sidebar
- Full Width Top Band above Wide Narrow
- Full Width Top Band + Rest Bands

You can change the **Content Layout** on the **Edit Content** section in Website Designer, by clicking on the blue **Content Layout** button near the top right. Please refer the help article called [Content Template in ClubRunner](#) for additional information on how to change it.

Brand Logo

The brand logo can be any image that represents your club. To update your logo, please refer to the help article called [How Do I Upload The Menu Home Icon](#) or follow the steps below:

1. Click on the **Website** tab, and then **Website Designer**.

2. On the left hand side of the page, click on the **Settings** icon on the ribbon bar.

- From here, under the Graphics section, click on the **Upload Menu Home Icon** link.

Upload Club Logo
This logo will display in various sections of your website and bulletin, such as the Meeting Information Widget.

Upload Menu Home Icon
Next Gen Themes Only: This logo will display as the first item in your navigation menu and links to your home page.

Upload Favicon
Display icon used in the browser address bar and bookmarks.

Upload Apple Touch Icon
Display icon used by Apple devices for bookmarks or when your website is added to a home screen.

- Click on **Load from Image Library**.

Update Menu Logo

Information Click on Publish Menu to make changes take effect on your website.

Logo Settings

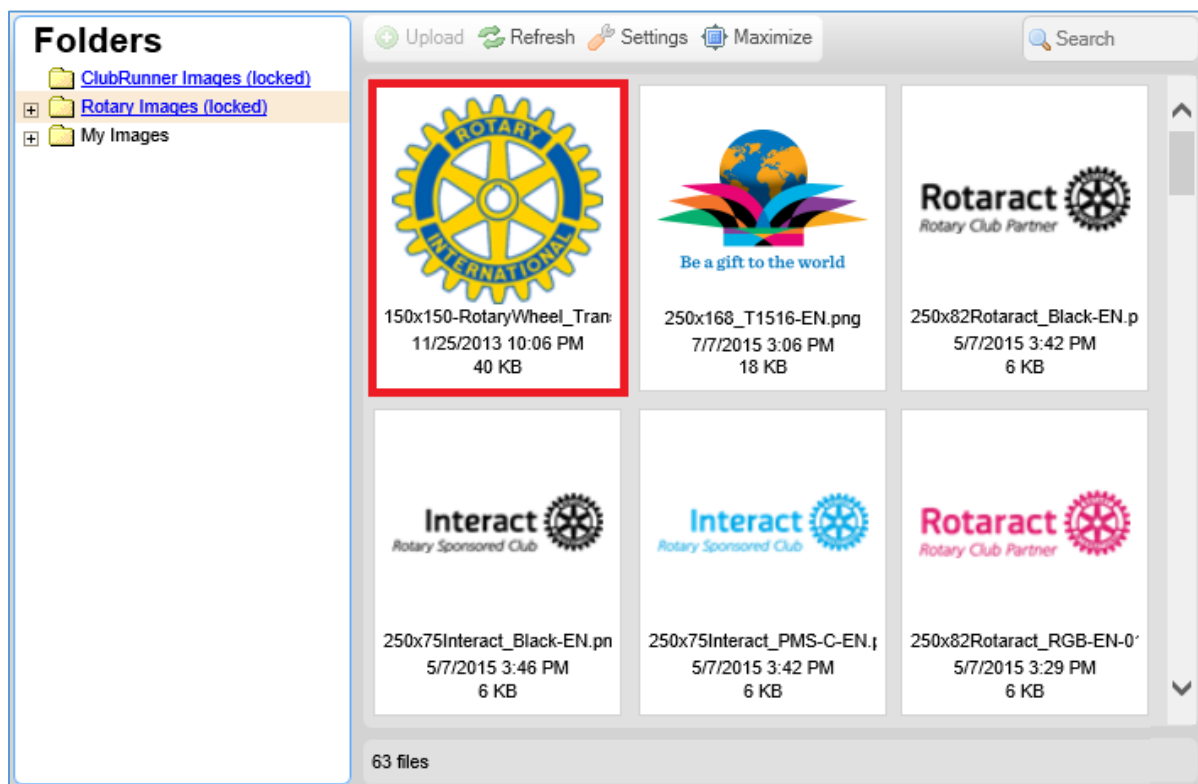

Existing Menu Logo: No Logo

Change Logo: **Load from Image Library**

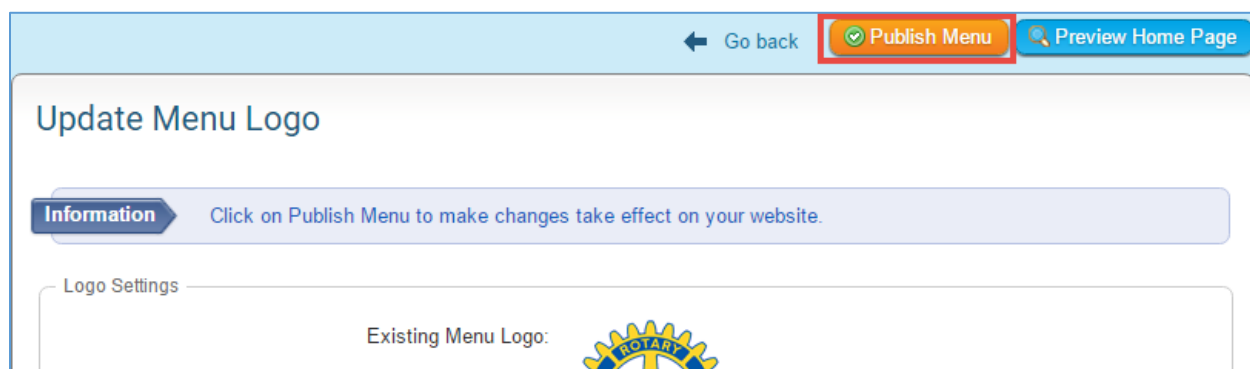

Note: Supported file types are PNG, JPG and GIF. We recommend using a **high-quality 24-bit PNG** image as the menu logo, instead of a JPEG or GIF. The image dimensions for the Millennium, Midcentury, and Community themes are 150px by 65px. The dimensions for the Vision theme is 200px wide. If your image is not these dimensions it will resize automatically.

5. At this point, you can either:
 - a. Pick an image from the image library.
 - b. Upload your own image.

Once selected, double click the image you want to use.

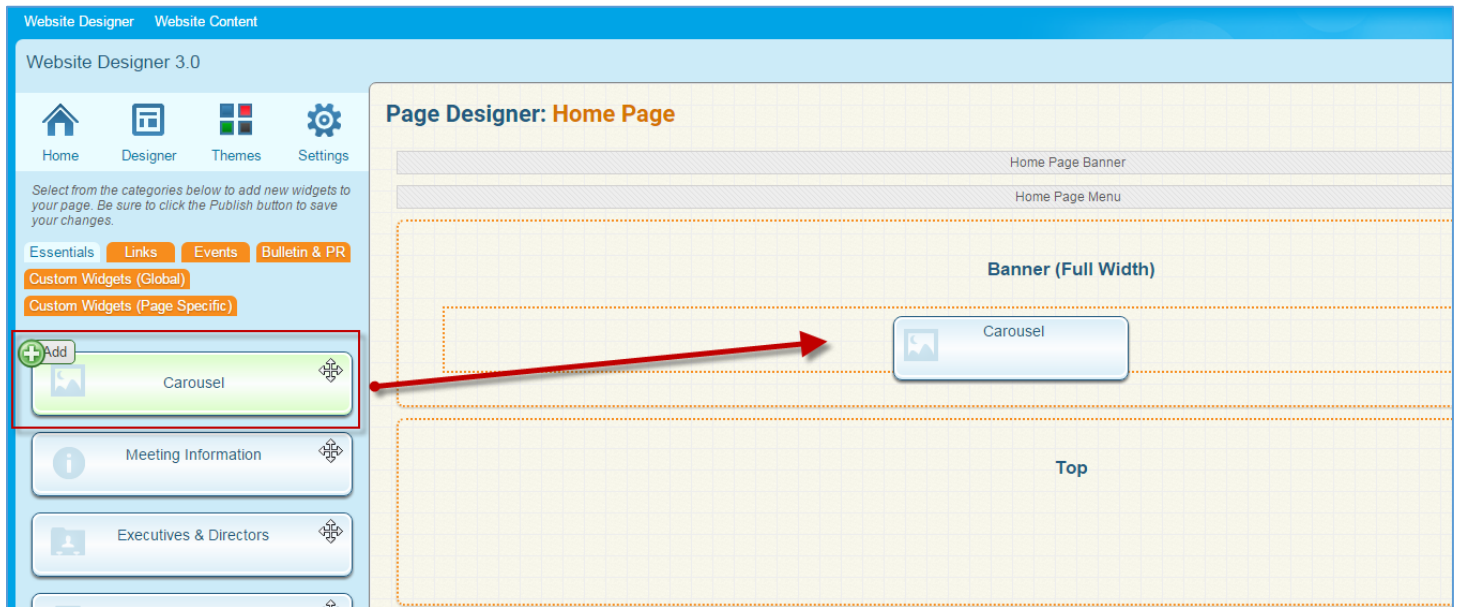

6. Finally, click on the **Publish Menu** button to push your new logo to the website. **Please Note:** This will also publish any unpublished menu changes.

Your new brand image will show on the navigation bar as follows and will automatically link to your homepage:

Carousel Widget

The carousel widget allows you to put a rotating photo carousel on your homepage or secondary pages. It can be used as a banner or simply a picture slideshow.

Images in the carousel are pulled from a photo album. To get started, you will need to [create a new Photo Album](#). When adding photos to be used in the carousel, it is important to use images with a consistent height and width. We recommend using images that are at least 1920 pixels wide in order to make sure they look good on all screen sizes and all areas. All of the images should be the same size to prevent the page from “jumping”. We have some images available to be used in the photo galleries available on our knowledge base here: [Carousel Images](#).

Next, add the Carousel widget on your homepage as shown in the image above. Give your carousel a title, and select your photo album from the drop down, then click on save. To learn more about this please read the article called [Widgets: Carousel](#)

Lastly, we also recommend going into the widget properties and settings and unchecking “Show Title” and “Show Border” for the best effect.

New images in Image Library

To get you started with adding banners and carousel slides, we have added Rotary images (from the Rotary Brand Center) that are cropped and sized appropriately.

You can find them under the Rotary main folder of your image library.

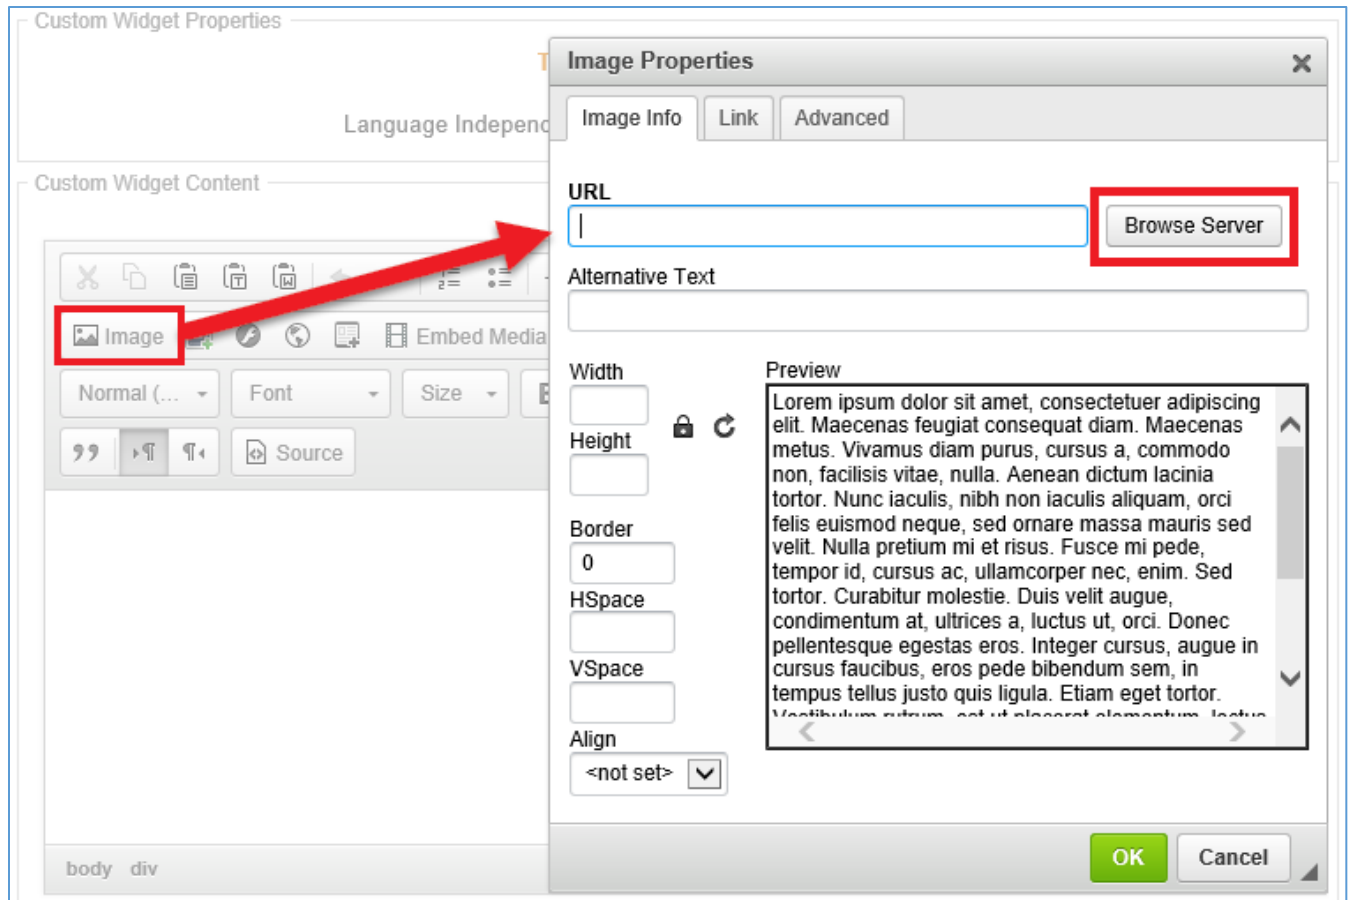

Full Width Banners:

Please note, these banners will only appear full width inside a content template that has a full width area. Otherwise they will appear as images normally do.

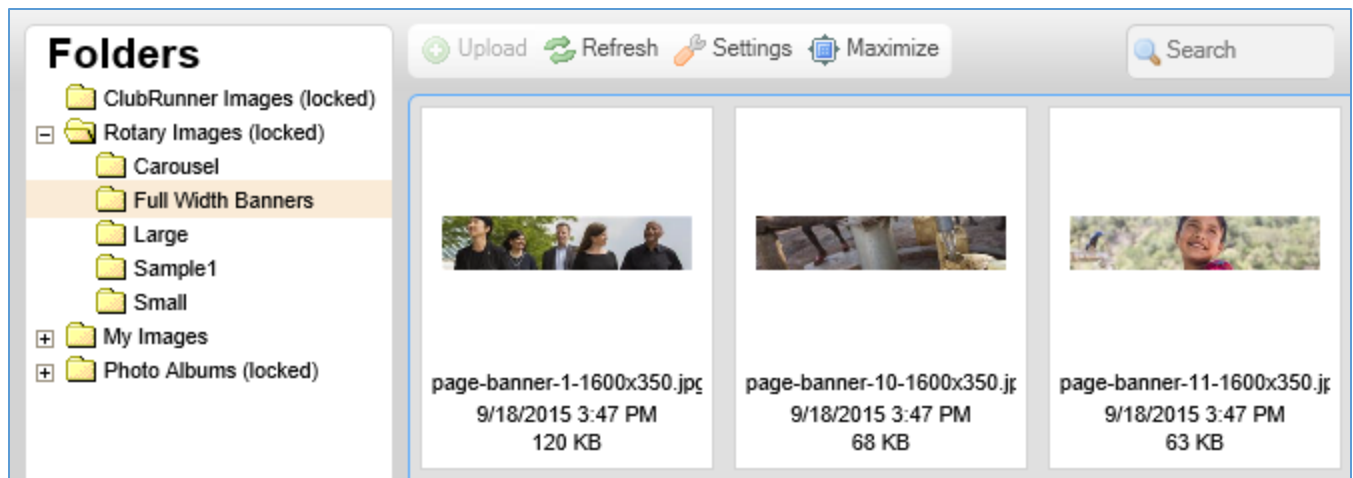

1. While logged into ClubRunner and Inside of the Members area, Click on the **Website** tab, and then **Website Designer**.
2. Click on the Edit Content button on the designer
3. Next, click on the **Custom Widgets (Page Specific)**, then drag the widget into one of the full width sections

- The settings page will automatically open, displaying a title field and the editor window for your content. Give your widget at title.
- Next, in the Custom Widget Content section, click on the **Image** Button, and then **Browse Server** in the Image Properties popup box.

- In the Image Library, you can use existing images under the Rotary Images > Full Width Banners folder. Alternatively, you can upload your own images.

- Locate the image you wish to use, and **double click** it to select it, and then click on save.

From here you can either **publish** your changes, or **preview** them.

***Note:** You may want to remove the border and title of the widget. This can be done in the widget properties. To access the widget properties please **hover over** the Banner widget on the page designer and click on the **Cog/Wheel** icon. Make sure you uncheck **Show Border**, set the padding to 0, and uncheck **Show Title**. Once done, click **Save**.

Save Footer

We've now made some changes to the footer editor; it is more automated and requires less manual input. If you haven't yet tried it out, please go into your Website Designer and click on the **Footer Section**.

From here you can edit the Active Footer on your website. By simply editing the footer, it can improve how the footer looks on your website. It will automate the height and padding requirements.

Note: At this time tables cannot be used in the footers.

FAQ

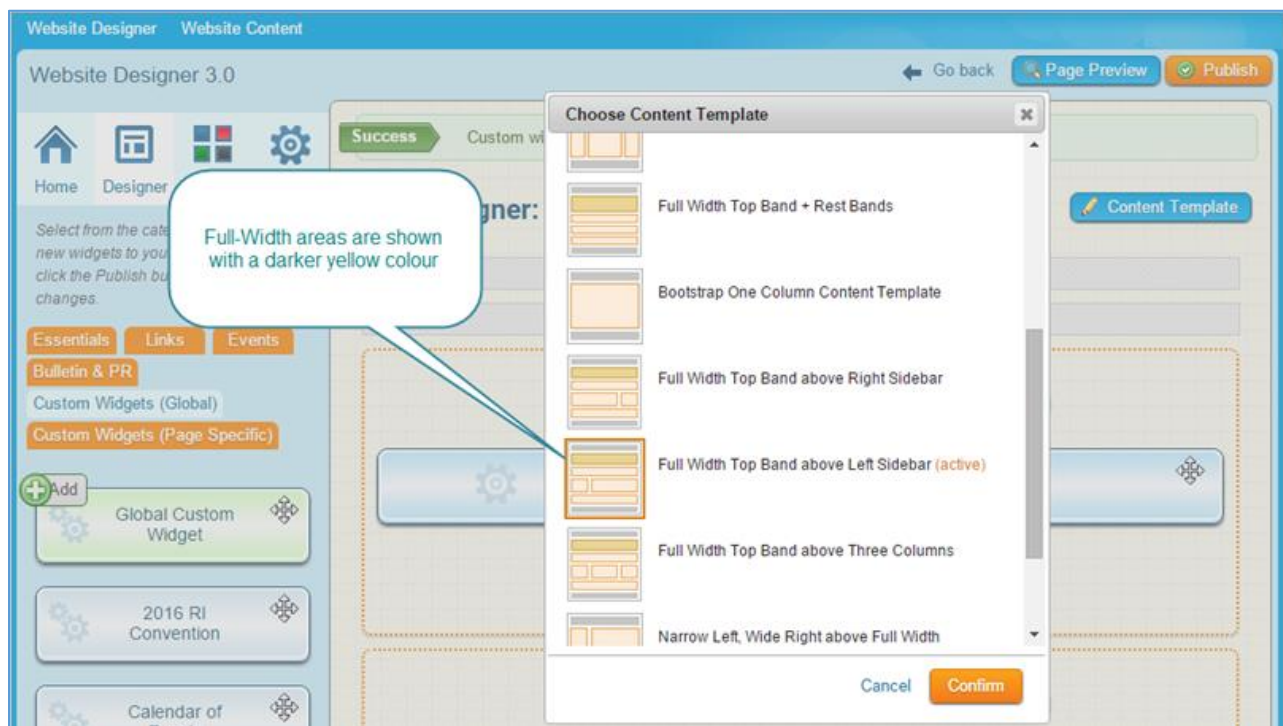

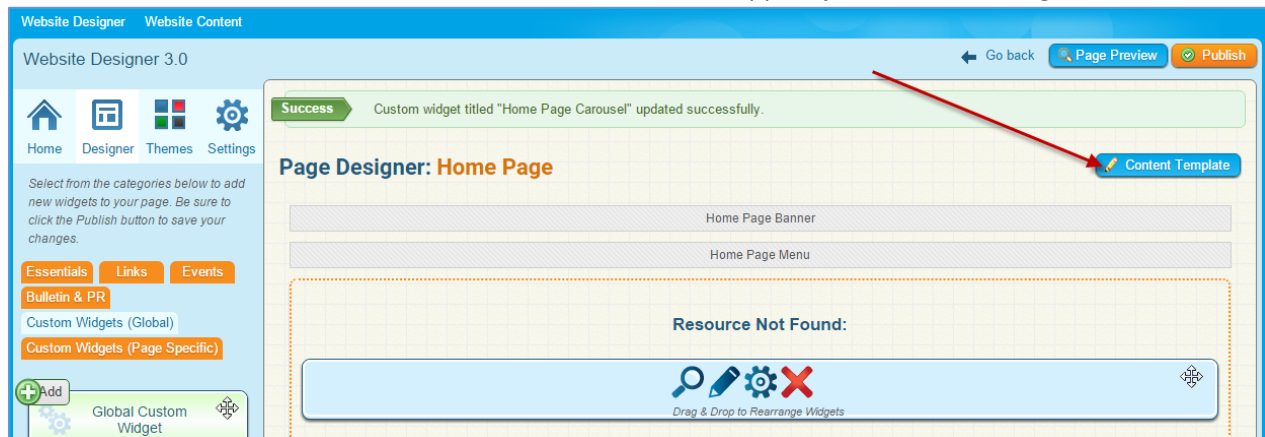

1) When will the carousel widget be available?

It is now available! You can find it in the Essentials Widget tab.

2) Can I have a carousel widget in other pages or areas?

Yes. You can have the carousel widget anywhere in the content area on your home page and on custom pages. However, bear in mind that the carousel will only be full-width when it is placed inside the Top Band of the Home Page. You can tell which area is full width by noting the different background color in the content layout selection:

If it is not in a full-width area, it will still work fine, but it will appear just like other widgets.

Appearance of carousel inside a normal area (not full-width):

3) How do the new themes handle mobile devices?

Unlike the older themes we prioritize the “main” content area; this is the wider column in any of the themes. The main content area is shown after the “band” and content area. The following is an example of your website’s mobile view:

As you can see the “main” content area is shown before the sidebar.
