## **Be The Inspiration to support women and children in the world.**

Hippo Roller makes it extremely easy to collect water in tough rural conditions – up to 5x more water than a single bucket, by simply rolling it along the ground.

Around 750 million people do not have easy access to clean water. Millions of women and children walk several hours each day to collect water with heavy 20l / 5gal buckets, balanced on their heads.

## **Support those in need.**

### **PLAN:**

1. [www.hipporoller5060.ca](http://www.hipporoller5060.ca)
2. Purchase for \$150US each (matching grant will be created)
3. Promote it to your club and area
4. Have a fundraiser and buy more
5. Report it to PDG Pete Erickson- District Foundation Chair and Harold our district representative. Every club = 1 Roller
