## About Bethany

Bethany Care Society is one of Western Canada's largest and longest serving not-for-profit providers of care and adorable housing for seniors and disabled adults in six communities throughout Central and Southern Alberta. They provide a variety of housing and care options, ranging from independent living to supportive, long-term care, specialized dementia care and community services.

For over 70 years, Bethany has been a voice for seniors in Alberta. They understand the changes throughout different stages of life, and their priority is to offer the highest quality of care and support along the way.

## We aspire to:

- > Build a model that improves the way seniors live in our communities
- > Create new ways for residents to receive the care they need
- > Foster new relationships with our residents, employers and neighbors that result in healthier communities for all
- > Improve the lives of those we serve, offering seniors in all different stages of life the highest quality of care we can deliver

## A place to call home

Bethany provides appropriate care for every resident to live their life with dignity, respect and compassion. As the number of Canadian's living with dementia continue to grow, the government has mandated that 2,000 more beds be added to the provincial health care system. Desjardins Financial Security has partnered with The Rotary Clubs of Calgary to provide a \$1 million inaugural commitment to this campaign. We have selected the second floor Rotary-Bethany Atrium as the focus point.

The two story Atrium will provide large, light-filled, seasonally landscaped space that will serve as a year-round recreational and gathering place. Residents will be able to welcome family, friends and community visitors into their new space where they can engage with each other and to meet the caring staff at Bethany Care Societies.

## We need your help to make this happen!
