METHODOLOGY

- Survey questions were proposed by DG Manon and optimized for surveying.
- The survey was built in SurveyMonkey.
- Emails were distributed to attendees starting at 2:00 pm Sunday, May 3. Reminders were sent to those who had not completed the survey within 5 days. The survey was closed on May 11.
- 382 unique email invitations sent.
 - Several people used one email for the couple/family. Only one response was available for each email address.
 - We excluded those who only came for Friday evening.
 - 14 emails were bounced back undelivered – Likely due to the person’s email security system.
 - 59 unopened. Some of these may have been blocked or automatically sent to junk mail.
 - 309 opened (81%). Excellent engagement!
 - 144 decided not to go ahead with the survey.
 - 161 (43% of 382) completed the survey.

What session, speaker, or moment had the greatest impact on you?

There was a bit too much "in-between" stage chatter. A great example is the Sunday afternoon anticlimactic finish. It would have been powerful to end with Turreq, no sit down chat, RI rep, or video, just straight to the DG speech (it was great), and the bell. Everything else really cooled the mood. and buffets if possible) in the HOF to encourage more engagement.

Allow people to allow for the day- many non attenders remarked they would have loved to come but could not commit to the whole event. Tighten up the food service.

Break out sessions later in the day.

More emphasis on House of Friendship.

Do a convenient hand out for the agenda at registration desk.

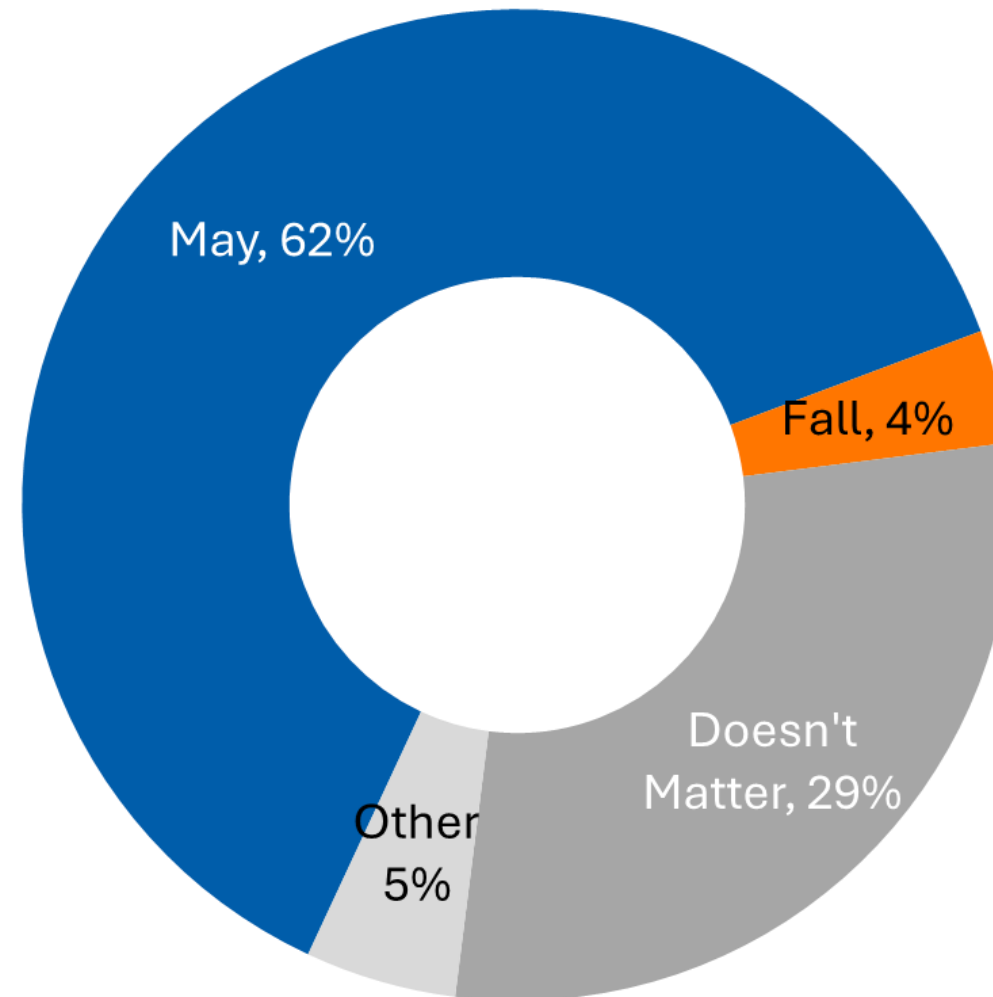

Have a one day registration for Rotary Members
