

# ROTARY/MATTAMY GREENWAY DONOR RECOGNITION

# ROTARY/MATTAMY GREENWAY

## DONOR RECOGNITION

### Rotary/Mattamy Greenway

Connecting to each other, to nature, to our city and to the communities we call home.

Connecting Communities

**W**elcome to the Rotary/Mattamy Greenway, a linear park and pathway system that encircles the city of Calgary. Led by the Parks Foundation Calgary, with the generous support of the Calgary and area Rotary Clubs and Mattamy Homes Ltd., the Greenway connects over 55 communities with pathways, rest areas, off-leash dog parks, and family fitness parks.

#### Rotary: "Service above Self"

Who is Rotary? We are neighbours, friends, leaders, and global citizens who come together to create positive, lasting change in our local communities and around the world. Calgary and area Rotary Clubs bring together dedicated individuals to exchange ideas, build relationships, and take action.

The Greenway is just one way that Rotary contributes to the health, wellness, and sustainability of our community. Members and volunteers participate in projects large and small, from supporting local Calgary Rotary Challenger Park and Rotary/Flames House, to World Community Service projects including clean water programs and efforts to eradicate polio.

Exploring the Greenway will enhance a healthy lifestyle and connect you to Calgary's diverse people and environment. Exploring Rotary will improve your world.

### Rotary/Mattamy Greenway

Connecting people to each other, to nature, to our city and to the communities we call home.

Connecting People

**T**he Rotary/Mattamy Greenway is accessible to Calgarians and offers a way to engage in a healthy, active lifestyle. The Greenway is open year-round to cyclists, cross-country skiers, nature lovers and kids wishing to connect with nature. The Greenway is part of Calgary's existing pathway network resulting in the longest urban pathway and park in the world.

#### Mattamy Homes:

**Creating New Ideas For Community Living.**

Mattamy Homes is inspired by the idea of community master-planning to help make each neighbourhood completely liveable inside the home and around the community. We recognize that nature and environmental sensitivity are important in the places we live.

It is our belief that communities should be inviting places where children's laughter can be heard and family memories are made. We place great value in ecologically friendly, walkable neighbourhoods, with interesting streetscapes and integrated park spaces.

The Greenway is a perfect demonstration of planning that provides an enriching experience for all. Learn more at: [www.mattamyhomes.com](http://www.mattamyhomes.com).
