## Changing Lives one Job at a Time!

Stephen (left) beams from his desk at AltaGas. Stephen has finally found what he calls his "dream job" with his own desk and full-time hours at AltaGas thanks to the Rotary Employment Partnership. Keeping 11 floors of supplies stocked and meeting rooms tidied keeps this Ambassador of Office Amenities on his toes 37.5 hours a week!

After months of searching, Melissa (Right - Lissy to her coworkers) has finally landed a job helping people at busy Go Dental in South East Calgary. Whether she is inputting patient insurance information, sterilizing exam rooms or stocking dental supplies, Melissa's positive attitude and boundless energy allows her to complete tasks that were taking time away from more specialized staff and contribute to more efficient operation. Thank you Dan Goldberg of Calgary East for making Melissa part of your team!

Real jobs for real pay give job seekers with developmental disabilities so much more than a pay cheque; the Rotary Employment Partnership is changing lives and changing communities, one job at a time.

The dreams parents have for their sons and daughters with developmental disabilities are no less than the dreams they share for their children without disabilities.

**How Can I Get Involved?** Are you an employer who finds that work is being left undone at the end of the day? Do you have specialized staff who spend time on repetitive, clerical or other tasks outside their job descriptions? Are you interested in changing lives, impacting your business and changing your community? Contact us today to find out more about the Rotary Employment Partnership.

Meet Our Jobseekers!
