About Young Professional Rotary Club of Cochrane

The Young Professional Rotary Club of Cochrane is a team of like minded young professionals who through Rotary are eager to connect, cultivate relationships, and contribute meaningfully to the people of the Bow Valley.

Last year, in hopes to lift the spirits of Cochrinites and fundraise for our local community, we hosted a series of Drive In Movie events. Together, with the tremendous sponsorship and support from various community businesses and the citizens of Cochrane, we were able to raise \$60,000.00 in our inaugural year.

As a result of the COVID pandemic, our local food bank in Cochrane was overwhelmed and desperately needed to expand their facility. The \$60,000.00 contribution was the final financial support they needed to complete that project. Today that expansion is already helping the Cochrane Activettes food bank serve more families in need and will have a lasting effect for years to come.

By donating to efforts of the YPRC, you can trust your contributions go towards reputable, local organizations meeting the acute needs of the citizens of the Bow Valley in the realms of food, housing, youth programs, community infrastructure and all other community initiatives of wellbeing.

Thank you for contributing! Our community appreciates your support.
