RULES

PLEASE READ COMPLETELY

The race will be held on Saturday, August 21st, 2021 (rain-out date of Sunday, August 22nd)
The race will take place on Crystalridge Drive between Downey Road & North Railway Street.

Participants may be girls or boys between the ages of 8 and 14. Parental or guardian permission is required to enter. Leave a minimum of 10" white circle on the hood in front of the steering wheel for a race number (as per the diagram in the cart kits). All previous numbers should be removed, as new numbers will be applied at time of inspection. Carts must be safety inspected and have an approved safety sticker applied prior to racing. All drivers must check-in as per the following schedule. All steps should be followed in order:

Step 1: inspection (fountain tire) Friday, Aug 20th 5:30-7pm

Step 2: practice - Friday, Aug 20th (following inspection)

step 3: line up race day (top of hill) - Saturday, Aug 21st 8:30am

Step 4: race begins - Saturday, Aug 21st 9:30am till completion

Please note inspection is mandatory

All drivers must wear shoes/boots (no open toes) and an approved safety helmet. Knee and elbow pads are recommended for driver safety. There will be four carts racing per heat. Drivers must stay in their own lanes. Penalties may be assessed by the judges for lane change infractions. There will be four regular heats for each racer. The racer's lane will be rotated between heats. The fifth and final heat will be run based on the accumulated times (from slowest to fastest). At the end of the heat, continue past the finish line until your cart stops. Proceed to the east side of the street where volunteers will assist loading your cart for return to the starting line. Drivers should then proceed back to the starting line on foot and assist with unloading the cart. All pets must be leashed and controlled.

If you lose control on the hill - please try to complete the race by pushing, pulling or dragging the cart over the finish line.
Carts requiring parts or repairs - please proceed to the fountain tire "pit stop" located at the end of the racetrack.
