

ROTARY INVITES YOU TO

# RYLA 2020

## Are you in Interact?

This one day online leadership conference packed with workshops and speakers brings together Interact club members from all across District 5370 to teach vital skills required to succeed in leadership positions and grow confidence!

Though we are operating online this year, the mission to establish a bright future for young rotary leaders through interaction will still be possible! Cooperation will be encouraged and each participant can expect to feel as supported and heard as they would in person.
