

ROTARY DISTRICT 5390

*Whether you live in Montana or
are just passing through, your
friends in Rotary can show you
the best side of Montana.*

*For information on clubs in Mon-
tana, visit our District web-site at
www.montanarotary.org or by
e-mail at
district5390_news@msn.com*

Rotary International

District 5390 Montana

Welcome to Rotary in Big Sky Country

The fourth largest state, Montana is home to a variety of natural wonders and a melting pot of world cultures. Explored by Lewis and Clark and opened up by trappers and miners, Montana still offers great escapes for those seeking shelter from the turmoil of city life. You can also find micro-metropolitan areas if you are more comfortable surrounded by people. Visit Rotary clubs in Montana and you can experience everything from small, home town clubs to larger, more formal city groups. Yet, as a District, the more than 2,000 Rotarians in Montana create a large extended family of men and women who provide "Service Above Self" and Share Rotary in so many ways with their communities, their state and around the world. Rotary has been a part of Montana for almost a century and continues to grow each year.

District 5390 Lends A Hand to people throughout Montana and the world. With the hard work and generous donations of Montana Rotarians, our many projects include helping eradicate polio in the world, the delivery of hundreds of wheelchairs to Peru, providing drinking water in Nicaragua, medical supplies in Kenya, and helping to start and maintain the world's first international Peace Park. Located on the Montana/Alberta border, the peace park has inspired others in the world, since 1932, to join hands across their borders in a true gesture of Sharing Peace and Understanding.
