

ROTARY DISTRICT 5390

Global Grant Project Proposal Form

Global Grants must be initiated at the District level using this application before they can be submitted to The Rotary Foundation. Once they have been approved at the District level, they may be submitted to The Rotary Foundation at any time during the year, but clubs must be qualified, using the same criteria as District Grants, at the time of submission. The qualifying timeline begins on April 1 and expires on March 31.

Projects using TRF Global Grant funds must be approved by District 5390 prior to initiating the online Global Grant application process. Please complete this document and submit it to George Gerard for initial review and subsequent approval by the District Foundation Chair and District Governor. Once approved by D5390 executives, the formal Global Grants application can be accessed at [www.rotary.org](http://www.rotary.org).
