As my club's RYLA representative, I will endeavor to select students, which embody the potential for leadership qualities as described in the announcement for Camp RYLA. Once selected, I will communicate to them all pertinent camp information (including our club's commitment to transporting them to and from camp) in a timely manner. I will make sure camp applicants understand the necessity to follow the camp rules and the penalties for noncompliance are expulsion from camp. I understand that all submitted camper applications are subject to review by the RYLA Director.
