

# Required to be considered as a completed application for District 5390 Youth Exchange Application

As a candidate for Rotary Youth Exchange I understand that this is an Exchange program and that will mean that my sponsoring club will be required to host an in coming Exchange Student for approximately one year. My family and I have spoken with the following families about their interest in potentially hosting an Exchange Student, this does not commit them to hosting but will allow us to speak with them about our need and their interest. Any application submitted without three families listed will be returned.
