## Introduction

Your district has just subscribed to ClubRunner, an interactive website and membership management service that will facilitate easier information sharing and communication with every member in the district. All Rotarians already have a login name and password defined, and depending upon your role in the club or district, various features will become available to you once you enter the members only section.

This guide will show you how to modify your personal and club information on the District website. In addition, club executives can update the club meeting place, day and time, and website URL, as well as report monthly attendance, register for events, download district directories, and more.

ClubRunner already has some key information regarding your club, and will be using this data to create the District Directory. Therefore, it is vital that you check this information. Following along the guide should accomplish this.

*If you have the club version of ClubRunner set up, you have access to much more functionality in addition to those discussed in this guide, including having your own personalized web site. If you require help with your site, please refer to the Help section on your club website.*

## For Club Executives

If you are a club executive, you can update your club and membership information, report monthly attendance, and register your members for district events and volunteer positions.

For help logging in and updating your own information, please see the section For All Members.

Your club's membership information can be found in the "For Club Executives" section. Click on the link Membership Details to view it.

The club's membership information is displayed, along with their email addresses. You can tell at a glance the members without email addresses. It is very important that members' email addresses are current in order for the District to properly communicate.

## Update Member Profiles

Updating a member's profile is vital if you want that member to be listed accurately in the directory, and to be contacted if necessary.

To change a specific member's profile:

- Login, and go to the **Admin** page.
- Click on **Membership Details**, located under the "For Club Executives" section. Here you will see all your members. If they have an e-mail address in the system already, you will see that next to their name.
- Click on **Edit** to view or change a member's profile.

*TIP: The name that appears at the top right of the page is actually the person currently logged in to ClubRunner, and NOT the person whose information you are editing. Refer to the First Name and Last Name input boxes instead.*

- Fill in as many details as you need
- Click **Save**, located at the bottom of the page.

## Add or Remove Members

If you have a new member or find that one is missing from ClubRunner, you can add that member easily.

To add a member:

- Login and go to the **Admin** page.
- Click on **Membership Details**, located in the "For Club Executives" section.
- Click on **Add New Member**, located at the top right.
- Fill in that member's information, including their login name and password.
- Click on **Save**, or Cancel if you do not wish to add this member.

If you want to remove a member, there are 2 steps you can take. First you must change their status to an Ex-member. This is recommended in order to keep information on the member in case he or she returns, as well as keep in touch with them. If you want to indefinitely remove them from your website, you must delete them from the Other Users listing.

To mark a member as an Ex-member:

- Login and go to the **Admin** page.
- Click on **Membership Details**, located in the "For Club Executives" section.
- Click on **Mark EX** next to the member. You will be asked if you want to mark this member as an Ex Member, as a confirmation.

 *Confirming a Member as an Ex-Member*

- Press **OK**. You should now see this member listed under the Other Users list.

## Add or Remove Other Users

Other Users is the term used for anyone who might login and participate in your club or district, but is not an official, active member.

Some examples of other users are:

- Ex Members
- Exchange Students
- Honorary Members
- Staff
- Others

Adding users is done in the same way as Members. In addition, you can delete users.

**Warning:** Once you delete a user, there is no way to undo this!

- If your club does not have a ClubRunner website, make sure you provide your **website address** on this page so that visitors to the District site can find your site.
- Click on **Save**.

### TIP!

Don't forget the HTTP:// before your website address. The link will not work if you omit this part. It's best to copy and paste your entire website address from the browser.

## Change the Meeting Time and Location

To edit your club's information:

- Login and go to the **Admin** page.
- Click on **Club Information Page**, located under the "For Club Executives" section. This will bring you to the Update Club Information page.
- Verify your *club name, meeting day and time, and address*.
- Click on **Save**.

***TIP:** Make sure your meeting address is an actual street address, not just a location. This data will be used to display your meeting place on a map. We will check this in the next step.*

To check the map:

- Click on the **Home** tab located at the top of the page.
- Click on **Where Clubs Meet**, on the left hand side of the page, under the section called "District Info".
- Locate your club from the list of all district clubs (they are ordered by meeting time), and click on **Map**. A new window will appear that leads to Yahoo! Maps. Check that the location is correct.

### If the map is incorrect

There may be a spelling mistake in the address, or a part of the address missing, such as the city or province. Also make sure you didn't input the actual address under "Meeting Place", which should really be the name of the venue. If you still encounter problems with your map, email ClubRunner Support at [support@clubrunner.ca](mailto:support@clubrunner.ca) with your club name and address for support.

- Choose the **member's name** from the drop down list.
- Click on **Save**.

NOTE: If you do not see the member's name in the listing, you will need to add this member to your club directory. See the page Add or Remove members.

An easy to use website is just the beginning...**

ClubRunner is a complete online package of powerful software, all designed to maintain your club data, boost communications, organize events and volunteers, and help you run your club more easily.

### Better Communication

Keeping members in the loop is now easier than ever. Broadcast important announcements and your club bulletin in a snap, without ever having to remember a single email address. ClubRunner will keep track of all member commitments and generate reminders automatically, resulting in a better organized club. Better communication makes for a more effective club, keeps members connected from anywhere, and allows people to do more with their time.

### Better Sharing

Your ClubRunner subscription gives you an easy to update website, or can integrate into your existing website. Editing contents online is easy and fast, and doesn't require webmaster experience. Announce your speakers. Add feature stories and photos outlining your club's most recent activities. Post club documents such as registration forms and guides in one area so all members can access them. Maintain a secure, password-protected online document folder for important information to keep year after year.

### Better Event Planning

Spend less time administering your club and more time enjoying fellowship. Let ClubRunner handle event invitations, online registrations, and volunteer signup sheets to keep your members organized. Keep in touch with members, friends of the club, event attendees, volunteers, and sponsors all without having to remember a single email address. Print nametags, and up-to-date attendee list, and more. ClubRunner makes it easy to plan and promote your club events so you can do more with your time.

### Better Membership

ClubRunner improves the way your club welcomes new members by creating a customized orientation process and assigning various tasks to different members. Maintain a prospective members list in one location, and they will automatically receive a personalized eBulletin every week. As more people get informed of your club's activities, they are encouraged to get involved. And it's not just for members; keep past members, honorary members, exchange students, and sponsors in the loop.
