District 5580 World Community Service (WCS) Matching Grant Application

FOR DISTRICT 5580 USE ONLY (once Grant is approved)

District Grant No. WCS- 12.2.14 Date Approved 11/19/11
District Grant Subcommittee Chair Signature *Hubert Schmidt*
District Rotary Foundation Chair Signature *Albert Alvarado*

Explanation: Matching Grants support the humanitarian service projects of Rotary clubs and districts. In this section, describe in detail the humanitarian need your project will address, the intent of the project, how the project will be implemented, and how Rotarians will be directly involved in the project (involvement is required of both the host and international partners).

This project was ranked first by our sister Vista Hermosa club in Guatemala City. This is a southern, remote, rural area of Guatemala and will be our second school project in the Monterrico vicinity.

This project is to construct 3 new classrooms with kitchen, office, storage space, and latrines (self standing). Currently around 65 students in Grades 1-6 are crammed into 2 small classrooms. The new classrooms will house grades 4-6 with each having their own classroom. The buildings will have concrete flooring, concrete block walls, corrugated/fiberglass roofing, electricity and water.

This project is in keeping with District 5580 Bricks and Mortar initiative to provide much needed educational facilities in rural, remote, underdeveloped areas.

A team of Rotarians will travel to Taxisco and spend 10-14 days in hands-on construction work on the project. Vista Hermosa Rotarians and **Centro Cristiano Cultural de Guatemala CCCG** volunteers will provide on-site travel, coordinate project planning/implementation, supplies delivery/inventory, project management/completion, and additional labor. It is a requirement of Vista Hermosa and CCCG that local persons also assist in working on the construction.

Please provide the name of the project site, the city or village, state or province, and country. **Provide a detailed map of the area or provide GPS (Global Positioning Site) coordinates.**

List multiple locations, if applicable.

Project site San Antonio, Las Delicias del Jobo

City/Village Taxisco

State/Province Santa Rosa

Country Guatemala

GPS coordinates (if no map) Lat 14.1058 Long -90.5442

Provide name of ownership of property that structure is to be built on.

The land is owned by CCCG and will be donated to local COCODE (which stands for Consejo Comunitario de Desarrollo, something like Community Council of Development. It is the maximum local authority in a community, is elected by the people and recognized by Municipality).

Provide a blueprint/ detailed drawing of the proposed structure (Please attach a drawing).

See attached Floor Plan drawing

Describe the project and the problem or need it will address, including the intended beneficiaries and how the project will benefit the community in need.

There is a school serving around 65 students from 1st to 6th grade of primary with two classrooms, 1st to 4th share one classroom and 5th and 6th grades the other one. To be completed...

Provide the estimated length of time needed to complete the project.

One year

Describe how the benefiting community will maintain this structure or project (financing of maintenance, etc) after grant funding has been fully expended and who will be responsible for sustainability of the structure. COCODE will be responsible to keep the structure functioning and in good shape. CCCG will give support and companion after finishing construction.

Describe specific activities of the host and international partners in implementing the project. Both, international and host clubs have worked in the area for many years, doing different projects, mainly focused in water and sanitation and education. Many members of the international club has visited the area in discovery trips and also putting hands on the projects executed. In this case they know the place and have assessed the needs in situ.

What will the Rotarians who are members of the partner clubs do during the project? Please note that financial support is not considered active involvement.

(See the Matching Grant application instructions for suggestions.) Members of host club are in charge of making the budget, managing funds and supervising the execution. They will have meetings with COCODE and with CCCG to coordinate plans and construction. Host Club will report periodically to international sponsors about the evolution of the project. The local club will give all possible support to volunteer team during their staying working in the project. Members of International sponsors Clubs will have permanent communication with local host and with CCCG to coordinate plans and advancement of the implementation of the project. A volunteer team from International clubs will be working in the project for two weeks during the execution of project.

Explanation: The host partner is the club or district in the project country. A committee of at least **three** Rotarians must be established to oversee the project. The primary project contact must be a member of the primary club identified below. The project committee must be composed of members of the sponsor Rotary club or NGO for club-sponsored projects or district for district-sponsored projects. The committee members must be committed for the duration of the grant process. Please provide the primary address for all committee members, as all District 5580 information will be sent to this address. It is highly recommended that the primary contact (who receives all information from District 5580) have an e-mail address to expedite communication.

Cash (US\$) \$7,211.56
Subtotals, Cash _____
TOTAL Cosponsor contributions _____
Total funds requested from District 5580 WCS fund \$7,211.56

Additional outside funding: _____
(not matched by WCS fund)
Total project financing: \$14,723.12
(must equal budget on page 4)

Explanation: Before an application is submitted to District 5580, project partners should discuss various planning details. The questions below are a guide to aid project planning. Note that a Rotary club/district or Rotarian may not own anything purchased with grant funds.

Identify who will own equipment and maintain, operate, and secure items purchased with grant funds. (A Rotary club or Rotarian cannot own equipment.)

Will training in use and maintenance of technical equipment be provided? If so, who will provide training?

Is software necessary to operate any items? If so, has software been provided?

Indicate what arrangements have been made for customs clearance if items will be purchased and shipped from outside the project country.

Provision of plumbing and electrification to structures where people live or work may be funded with WCS funds. Have plumbing or electrification for equipment and appliances in existing buildings (hospitals, schools, libraries, orphanages, etc.) been considered and funded?

Explanation: Authorizations ensure that both partners are aware of, and interested in, pursuing the described project. By signing below, the current club presidents for club-sponsored projects and current district grants subcommittee chairs for district-sponsored projects, as well as the committee members, agree to the criteria listed and affirm their support of the project.

All Rotary clubs, districts, and Rotarians involved in this project are responsible to District 5580 for the conduct of the project and its subsequent reporting. The signatures of all involved parties confirm that they understand and accept responsibility for the project. Parties may either sign this page or submit a separate letter of commitment.

By signing below, we agree to the following:

- All information contained in this application is, to the best of our knowledge, true and accurate, and we intend to implement the project as presented in this application.
- The club/district agrees to undertake this project as an activity of the club/district.

• We ensure all cash contributions (as detailed in Project Financing) will be forwarded to the project bank account after approval of the grant.

District 5580 may use information contained in this application to promote the project by various means such as the 5580 website, the district newsletter and other publications of the district.

• The partners agree to share information on best practices when asked, and District 5580 may provide partners' contact information to other Rotarians who may wish advice on implementing similar projects.

• To the best of my knowledge and belief, except as disclosed herewith, neither I nor any person with whom I have or had a personal or business relationship is engaged, or intends to engage, in benefiting from District 5580 grant funds or has any interest that may represent a potential competing or conflicting interest.

A conflict of interest is defined as a situation in which a Rotarian, in relationship to an outside organization, is in a position to influence the spending of District 5580 grant funds, or influence decisions in ways that could lead directly or indirectly to financial gain for the Rotarian, a business colleague, or his or her family, or give improper advantage to others to the detriment of District 5580. (NOTE: Any and all exceptions must be explained in an attached statement.)

Explanation: A *cooperating organization* (for example, an NGO) is an organization that is directly involved in the implementation of the project, offering technical expertise and project coordination.

A *benefiting entity* is the recipient of goods or services and is not considered a cooperating organization.

If this project involves a cooperating organization (neither a Rotary club nor the beneficiary of the project), provide the following:

Name of organization: Centro Cristiano Cultural de Guatemala
CCCG

Street Address: 10a. Avenida "A" 31-44 Zona 13. Colonia Santa Fe.

Also, have the project contacts provide the Project Contact information as listed above.

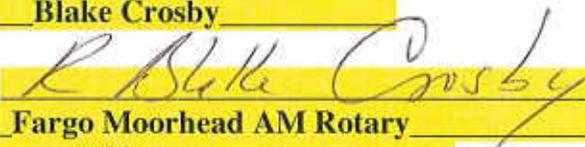

In addition to the above, the following must be attached:

- Letter of participation from cooperating organization that specifically states:
 - Its responsibilities and how it will interact with Rotarians
 - The organization's agreement to cooperate in any financial review of the project.

Explanation: Although both partners are responsible for completing the interim and final reports, District 5580 requires that one partner take primary responsibility for submitting the final report to District 5580. It is recommended that the primary project club in District 5580 take that responsibility.

"By signing below, our club accepts primary reporting responsibility."

Mr
Steve Aune
President
Fargo-Moorhead AM Rotary Club

Dear Steve,

As President of Guatemala Vista Hermosa Rotary Club, I would like to invite you and your club of Fargo Moorhead AM, our Sister Club, to help us with a project for the construction of a three classrooms school located in Caserío San Antonio, Aldea Las Delicias El Jobo, municipio de Taxisco, departamento de Santa Rosa, Guatemala.

This school is a need in this village, where they have a school already with two classrooms serving the six primary grades, having 1st to 4th grade in one classroom and 5th and 6th in the other one. The population in the area of influence of this school is about 100 families. Definitely this project will improve the life of all the inhabitants of this place.

This project is planned and will be executed in conjunction with Centro Cristiano Cultural de Guatemala, CCCG, who has permanent presence in that area and has done various projects there.

Your support for this project will be highly appreciated and we will be grateful for all the assistance you can give us for giving to this community of this school. We pledge our best efforts in continuing our service to this small town.

Please accept our heartfelt thanks.

We remain,

Astrid Ortiz
President 2011-12
Club Rotario Guatemala Vista Hermosa
