Project Title

English Resource Center

Dear Rotary Club,

My name is Angela Leinen, and I serve the community of Novoukrainka, Ukraine as a Peace Corps Volunteer, specializing in Teaching English as a Foreign Language (TEFL). On behalf of my partner organization, Novoukrainka Secondary School #8, I am submitting a request for funds to aid our on-going efforts to create an English Resource Center.

My mission in Ukraine, along with my cooperating teachers, is to promote and facilitate the English language. The nationally mandated two lessons a week of English in secondary schools is a good beginning for most students. Unfortunately, due to lack of resources and funds for the English department, most students leave school with only a rudimentary knowledge of English. At School #8, we are trying to change that.

Currently, the only resources available at lessons are chalkboards and outdated English books. Having recently studied Ukrainian as a foreign language, I cannot emphasize enough the importance of visual aids during lessons. With the addition of the English Resource Center, we are striving to create a multi-media classroom with a laptop, projector, and printer to assist in every lesson of English. This new technology will give students the opportunity to connect words with images, listen to native speakers, and create projects like PowerPoint presentations using their second language. The project objectives are as follows:

1. Provide students with additional resources to assist them in the acquisition of the English language during daily classes.
 - a. Create PowerPoint presentations and visual aids with the assistance of a laptop and projector.
 - b. Listen to native speakers of English through laptop and Internet sources.
2. Use center for after school activities dedicated to English, such as English Club, English Language Theater, and Country Studies.
 - a. Design activities to promote globalization and mutual understanding between cultures, such as virtual "field trips" using projector for visual aids and library for research.
 - b. Make a stress-free environment in which students are free to express themselves in English without the pressures of a formal classroom.

3. Train students to use new technology in a creative and educational manner.
- Demonstrate the proper use of basic programs like word processors and power point presentations.
 - Guide students when using clipart and other images.
 - Assign projects that utilize new technology and give students an opportunity for creativity and invention during daily tasks.

Through the generosity of Breckenridge Rotary Club and other sponsors, we have received the initial funds to create the English Resource Center. With these funds, we are planning to purchase most of the new equipment for our classroom. I know the importance the Rotary Club places on literacy, and it is with that goal in mind that I must once again call upon the kindness of the organization to help us fulfill the last few objectives of our project.

We are asking for a matching grant for the sum of \$1000.00 USD to complete the English Resource Center. These funds will purchase a printer/scanner, extra cartridge for the printer, printer paper and a white board, along with some supplemental supplies for existing equipment. Please see the attached budget for a breakdown of specific items and prices.

Thank you in advance for your time in taking this request under consideration. We look forward to hearing from you and working together towards our common goals.

Sincerely,

Angela Leinen

Dear colleagues!

We, Kirovohrad Rotary club, district 2230 would like to submit a **request for funds** on behalf of Novoukrainka Secondary School #8.

We will gladly assist in the creation of an English Resource Centre at School #8, which requests aid in the form of \$500 to purchase a printer/scanner, a white board, and other school equipment necessary for the acquisition of the English language.

Our club constantly supports projects, aimed to help children – every spring we assist the International child's festival of song and dance «[Let's unite children with art!](#)», which is successfully conducted by Choreographic studio «Aelita». Every winter we organize “[New Year Charity Rotary Ball](#)”, where collect money for poor families.

That's why we approach you, as colleagues-rotarians – would you please help kids?! We will be greatly thankful for your assistance!

Sincerely,

Viktoriya Talashkevich
