

## Club News and Bolivia Road, continued

road are providing physical labor. Mano a Mano and the regional government in this area of Bolivia are also providing financial support for the project. Please click the attached link for a progress update on this project. When you see the photos of the daunting terrain that this road crosses you will understand why these villages were isolated for so long and how desperately this road is needed. You will also be amazed that this road is being built for less money than it would cost to pave one of our city streets. Your contributions to Rotary provide enormous benefit and a great return on investment. To see this project, [click here](#).
