

## IT'S IN YOUR OWN BACKYARD, CHANCES ARE YOU ALREADY KNOW A VICTIM

*Human Trafficking impacts every community.*

Anyone can be a victim. And it does happen in your own backyard. In the U.S., 2-4 million victims are being trafficked; 75% are exploited for sex. Almost half are children, and most are women and girls. Victims come from all demographics.

## WHAT ROTARY IS DOING

Our mission is to End Human Trafficking in communities in Minnesota, Wisconsin, North Dakota and parts of Ontario (regions covered by Rotary Districts 5950, 5960, and 5580).

To end human trafficking, we have to prevent it before it happens. To that end, our Initiative will focus on:

- Raising Awareness
- Educating Children and Youth
- Reducing Risk Factors that make children vulnerable
- Stopping the Demand

*All profits will be used to bring Awareness and Education  
to Cass & Crow Wing Counties about Human Trafficking  
and to support Survivors with their healing*
