Rotary Peace Forum

The Rotary Peace Forum held February 23, 2013, at the Kansas State University Leadership Studies Building was co-hosted by the Manhattan Rotary Club and Manhattan Konza Rotary Club. Co-sponsoring clubs were: Atchison, Gardner, Junction City, Lawrence, Lawrence Central, Overland Park, Shawnee, Shawnee Mission and Topeka Downtown. Rotary International President Sakuji Tanaka established "Peace Through Service" as the theme for Rotary International and asked Rotary clubs worldwide to host Peace Forums discussing how their respective communities could effectively contribute to peace and conflict resolution. The Peace Forum was kicked-off with welcoming remarks by the event Co-Chairs Ike Ehie, President of the Manhattan Rotary Club, and Debra Rodenbaugh-Schaub, Past President of the Manhattan Konza Rotary Club and District Governor 2014/2015. City of Manhattan Mayor, Loren Pepperd, read the official Proclamation declaring February 23, 2013 as Manhattan "Day of Peace". More than 10 communities within Rotary District 5710 officially proclaimed February 23, 2013 as its official community "Day of Peace".

DG Kevin Tubbesing's Welcome

The Governor of Rotary District 5710, Kevin Tubbesing, highlighted Rotary's global peace efforts. Attendees enjoyed a video greeting by Rotary International President Sakuji Tanaka. The keynote speakers were Phil Silvers, Past Director, Rotary International; and Mary Eisenhower, President/CEO of People to People International, known to many as granddaughter of former US President Dwight D. Eisenhower.

The Peace Forum aimed to heighten awareness of people of all ages, backgrounds and interests regarding peace related issues. Participation in the event helped to empower attendees with new knowledge and understanding of how each of us can contribute to a more peaceful world through their local, state and international community. Session topics included peace related student and citizen exchanges and study abroad programs, peace related service and projects abroad, peace and conflict resolution in our schools & communities, peace advocacy groups and efforts, peacekeeping matters related to diplomatic and military service.

More than 150 participants from Abilene to Kansas City, ranging from middle-school age to senior citizens, attended the event, including community leaders, social service agencies, clergy, high school and college students, teachers and principals, school safety officers, parents, Rotarians and the general public. Rotarians served as moderators for the seven interactive concurrent sessions. More than half of the attendees were non-Rotarians, which was a goal of the planning committee in creating a community-inclusive event. Attendees received program materials, "Rotary- Peace

Rotary International
President

Message from RI President Sakuji Tanaka

Dear fellow Rotarians,

From the moment I was nominated as Rotary International president, I knew I would choose a theme that would focus on peace. This is why I planned three peace forums – to give Rotarians an opportunity to think about peace, to talk about peace, and to share their ideas on building peace together. The final Rotary Global Peace Forum takes place this month in Hiroshima, Japan.

We hear the word *peace* every day. But most of us spend little time thinking about what peace is. On its simplest level, we can define *peace* by what it is not. It is a state of no war, no violence, and no fear. It means that you are not in danger of hunger, or persecution, or the suffering of poverty.

We hear the word
peace every day. But
most of us spend little
time thinking about
what peace is.

But we can also define peace by what it is, and by what it can be. Peace can mean freedom of thought and of speech, freedom of opinion and of choice, and the ability for self-determination. It can mean security, confidence in the future – a life and home in a stable society. On a more abstract level, peace can mean a sense of happiness, of inner serenity, of calm.

However we use the word, however we understand peace, Rotary can help us to achieve it. Rotary helps us to meet the basic needs of others – to provide health care, sanitation, food, and education when and where they are most needed. It helps to meet the inner needs as well, for friendship, connection, and caring. And Rotary helps us to build peace in its most traditional sense, by reducing the causes of conflict. It builds bridges of friendship and tolerance among people and nations. It helps us to understand one another.

However we define peace, whatever peace means to us, we can bring it closer through service. Peace, in all of the ways that we can understand it, is a real goal, and a realistic goal for Rotary. Peace is not something that can only be achieved through treaties, by governments, or through heroic struggles. It is something that we can find, and that we can achieve – every day, and in many simple ways.

And so I thank you for your commitment to *Peace Through Service* – and to a Rotary goal of a more peaceful world.

Foundation Trustee Chair Message

Wilfrid J. Wilkinson
Foundation Trustee Chair

In Canada, May is usually a beautiful month. Spring has blossomed, trees and flowers are in bloom, and everyone is filled with a renewed energy as winter finally comes to a close. The changing of seasons can also serve as a time for action as Rotarians bring a fresh perspective to the goals they set for the 2012-13 year.

Every Rotarian, every contribution, and every project makes a difference every year. Through The Rotary Foundation, we can all do our part to work toward global peace from the ground up. Has your club worked on a humanitarian or educational project through the Foundation? And if not – why not?

There is still time to make your contribution. There is still time to give a community the chance to drink clean water, a young girl the opportunity to attend school, and a mother the access to the safe maternal care she needs. Contact your district Rotary Foundation chair and see how you and the other Rotarians in your club or district can participate.

I understand the impact these difficult economic times have had on all of us, but we still need your help. Foundation programs and projects all start with money. I hope each Rotarian reading my message will have given something based on his or her own situation. It doesn't take much from each individual when you have the support of more than 1.2 million members, but that assumes 100 percent support. If you've given, I thank you sincerely. But if you haven't, I hope you will as together we make May a great month for Rotary and for our Foundation.

Strike Out Polio!

More than 150 Rotarians joined forces to raise some money and have some fun at CommunityAmerica Ballpark on May 21st.

It was a beautiful spring night as the Kansas City T-Bones took on the hated Lincoln Saltdogs. District Governor Kevin Tubbesing threw out the first pitch, and made a pitch to the crowd, educating baseball fans about all that Rotary has done to bring the world within one percent of being eradicated. Perhaps trumping Governor Tubbesing's impassioned plea was a pre-game address from longtime Royals athletic trainer Mickey Cobb. The man with two iconic baseball names, Mickey Cobb was the Royals trainer from 1971-90. Frank White has called Cobb "the 24-hour trainer who kept us all on the field." He was selected as the trainer in the 1982 and 1990 All-Star Games. Cobb is also a testament to Polio survivorship. He was stricken with the disease as a child, and never let it stop him from reaching the highest level possible in his field. Baseball fans from the Royals' heyday can still picture Mickey's determined and distinctive gait as he sped to care for players in the Royals stadium outfield.

T-shirts benefitting Polio Plus were sold, and the T-Bones donated \$2.00 from every Rotarian's ticket purchase to the fund. Next year's event will be in June, with the date announced over the winter. Put it on your calendar for fun at the old ballpark, with the camaraderie of your fellow Rotarians!

Paul Harris Fellow Presented to Mary Eisenhower

The Rotary Club of Shawnee presented a Paul Harris award to honor Mary Eisenhower, the granddaughter of President Dwight Eisenhower. Mary Eisenhower is the former President and CEO of People to People, an organization started by her grandfather to promote peace throughout the world.

Eisenhower expressed her thank to the dedication of Rotary International and its efforts to promote the message of peace. She also made special mention of Rotary's effort to eradicate Polio, indicating that she is also a Polio Survivor.

L to R: Shawnee President Neil Holman, Mary Eisenhower, Jodi Pflumm

L to R: Brook Buckner, Mary Eisenhower

Mary Eisenhower's work to promote peace fits in well with Rotary's 2013 theme of "Peace Through Service." Mary was also presented with an art drawing done by Maranatha Academy student Brooke Buckner. The drawing depicted Gandhi and Martin Luther King. The art had previously been on display at Rotary's Peace Forum on the campus of K-State in February (see page 5 for picture of the drawing on display at the Peace Forum).
