

Summer Lewis, Peace Fellow Graduate 2012

Rotary Peace Fellowship Program

District 5710 needs your help recruiting applicants for the Peace Fellowship program!

While the world hopes for Peace, Rotary is working to make it a reality by training leaders. The **Rotary Peace Fellowship** program was launched in 2002, and since then 5 District 5710 nominees have been chosen for this exclusive academic and practical training in peace and conflict resolution.

These scholars are: David Kozar (2007) and Summer Lewis (2009), Master's program at University of Queensland, Australia, and Katrina Lewis (2011), Vibha Jani (2012), and Ryadi Adityavarman (2014), Certificate program at Chulalongkorn University, Bangkok, Thailand.

Summer Lewis recently spoke about how the Peace Fellowship and a Rotary community service experience in Guatemala have helped shape her life and enable her to become a peace builder, making a difference in many parts of the world. Please take time to watch this video of Summer's presentation and learn how you too can be a Peace Builder right here in your community.
