

Rotary

District 6040

Best Practices for sourcing students for the 4-Way Test Speech Contest:
Thank you to Larry Burton Kirksville 1000 Hills for sharing

- Establish the date, time and location of the contest
- Make contact with the area schools, including home schools to let them know that I will be emailing information about the contest
- E-mail the contest rules and entry form to school counselors and home school students (6-8 weeks out, if possible)
- Recruit local Rotarians to judge the contest
- Contestants draw numbers to determine the order that speeches are delivered
- All speeches are recorded
- Judges determine winners based on the attached scoring sheet
- In Kirksville, we pick 3 winners, one winner to represent each club. From those winners we randomly draw to determine which winner will represent which club
- Winners are scheduled to give their speech at the respective club, if at all possible
- Videos and entry forms are forwarded to the District contact person

All of the forms used were provided by the District and formatted to meet our needs.
