Elk Rapids

Global Grant

Grant Title: Limonade Clean Water, Hygiene and Education

Amount Awarded: \$37,727

This grant will provide 1,000 homes, and 6,000 individuals with in-home water treatment, using Bio-Sand Filters (BSFs), sanitation and hygiene training for all participating families, and community-selected Community Agents. Local residents will be selected as Community Agents, to participate in the installation and support of the BSFs. Monitoring and evaluation will occur throughout the lifetime of the project. Overall management and training will be accomplished by a Cooperating Organization, Pure Water for the World, Rutland, VT, which has implemented several comparable and successful projects in Haiti and Honduras, resulting in the installation of approximately 75,000 BSFs, and related hygiene and sanitation training.
