

Seminar for Tomorrow's Leaders

What Is It?

Rotary Seminar for Tomorrow's Leaders is a weekend-long conference held annually at Western University in London, Ontario.

Our conference is devoted to enhancing and expanding the leadership skills and abilities of the next generation of leaders. Students will be provided with a range of new experiences, tools and perspectives through group discussion, amazing guest speakers and many other activities.

The Student Experience!

Throughout this conference students will undoubtedly create lifelong friends from across Rotary District 6330.

Students will also be exposed to Rotaract and Rotary Youth Exchange opportunities to allow them to expand their horizons and give back to their rotary communities. To many, this is a life-changing experience.

Costs?

Rotary Seminar for Tomorrow's Leaders ran and organized by young adult volunteers from District 6330, but costs are associated with residence, guest speakers and provided meals.

Costs are \$400.00 for each student, or \$170.00 for inbound Rotary Youth Exchange students, and the experience is priceless. We'd love to see each club support at least 2 students, but we encourage you to support as much as is feasible.

Want to Get Involved?

We'd love to answer any questions you may have about the Rotary Seminar.
