August 2009

District 6380
Governor Judy
Garver and husband
Hal Parish

DISTRICT GOVERNOR MONTHLY MUSINGS

August has been a busy month for me and our district club presidents, officers and Rotarians. I have now visited over half of the clubs in our district, and I am absolutely astounded at the wonderful service projects and fund-raisers that our Rotarians are working on.

I hope that everyone will take a few minutes to read the articles submitted for this issue that describe what clubs are doing. The lives of people in need in our communities and across the globe are being greatly improved because of these projects.

The Rotary Leadership Institute Great Lakes Division will train its faculty August 29. Once the faculty has completed its training, our division will be ready to roll out Part 1 of the course. Club presidents will be notified of the details so they can implement the program in their clubs. The Great Lakes Division is currently formed with an alliance of Districts 6380, 6290 and 6360. (We are all part of Great Lakes PETS.) It is possible that other districts may join this division in the future. I am really eager to see this "launch" take place. This program is in place all over the globe, and there have been rave reviews by those involved.

A lot of time and energy are being devoted these days to public relations and marketing by Rotary clubs, districts and Rotary International. Many people are distressed by the demise of such a large number of newspapers. People are missing their morning newspaper read, and many organizations

like Rotary are feeling the loss of a great source of publicity about local club activities and service projects. These events have created a loss for all of us, but the greatest opportunities for PR are still with us. Nothing beats hearing the story of a Rotary project told by an excited and passionate Rotarian. When Rotarians spread the word about Rotary projects to friends, relatives and co-workers, the very best PR has just occurred. Equally important for PR is the wearing of one's Rotary pin every day -- not just on Rotary meeting day. Rotarians who can answer the question "What is Rotary all about" in a few short sentences have done a fabulous job of PR.

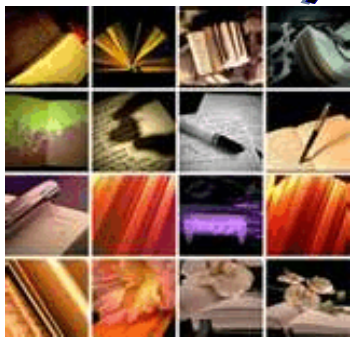

Please keep sending me articles for the newsletter about the events that happen in your club. There is no limit on the number of times your club can be showcased this year. The more times the better. Sharing these stories spreads good ideas and inspires and motivates others to do service projects too.

THE FUTURE OF ROTARY -- AND THE WORLD -- IS IN YOUR HANDS.

Judy

Literacy

The theme for 2009 is The Power of Literacy, highlighting "the empowering role of literacy and its importance for participation, citizenship, and social development."

Rotarians (and others) looking for ways to promote literacy locally on International Literacy Day and through the year might consider these options:

- Talk with your local library director or school principal about volunteer opportunities. Opportunities might include:
- Reading aloud to a group of children
- Creating thematic displays
- Helping children and teachers find books
- Providing one-on-one or small group tutoring

Support a community literacy project as a volunteer or by making a donation.

Possibilities include:

Community Literacy of Ontario, many local sites (705.733.2312)
Macomb Literacy Partners in Clinton Township MI (1.800.544.1340)
Oakland Literacy Council in Pontiac MI (248.232.4664)

Develop or continue a literacy-focused project.

Possibilities include:

Providing books to a classroom, school, community
Becoming reading mentors
Supporting continuing education for literacy tutors / teachers

And remember, "*The more you read, the more things you will know. The more that you learn, the more places you'll go.*"
~~ Dr. Seuss

Public Relations: THE BUSINESS OF ROTARY

- Ginger Nickloy, District PR Committee Chair

A successful Rotary club has the same needs as a successful business, i.e. a club needs members (customers) and has to add value or provide a service to those customers. As in business, a club needs a strategic plan with a vision and a marketing plan.

The **marketing plan** should identify:

- The club's current situation and needs
- Description of the product (i.e. club) and its customers / members
- Definition of the market (prospective member profile and area they are located)
- Objectives to meet the club's needs
- Strategies to accomplish objectives
- A budget to cover cost of strategies

The **strategic plan** and marketing plan should be developed through facilitated discussions with the board and members. Strategies might include marketing elements such as advertising, press releases, communication with potential members, and image-building campaigns through relationships with other organizations.

RYLA 2010

Friday, May 14 to Sunday, May 16
Ridgetown Campus, University of Guelph , Ridgetown, Ontario

What is RYLA?

Rotary Youth Leadership Awards. It is a three-day, fun-filled weekend of leadership training, skill-building, great guest speakers, great food and personal growth. Past RYLarians have become Rotaract members, Rotarians, gone on Rotary Youth Exchanges and become great business and civic leaders.

Why should a club sponsor students?

- To expose this generation to the World of Rotary
- To build rapport with local schools and help foster great community partnerships
- RYLarians are more likely to become future Rotarians
- To allow students the opportunity to participate in a great leadership experience and grow themselves as leaders

UNITED NATIONS DAY OPPORTUNITY FOR ROTARIANS

■ Douglas Vincent

Greetings Rotarians and Friends:

Once again this year, I invite you to join me in New York City at the Rotary-United Nations Day on Saturday, November 7. In addition, Canadian Rotarians can participate in the special Canada session, hosted by the Canadian UN Ambassador on Friday afternoon, November 6.

The Saturday meeting is scheduled from 9:30 a.m. to 4:30 p.m. at UN Headquarters and will include presentations and panel discussions addressing Millennium Goals, and key humanitarian issues such as water, health, literacy and hunger.

United Nations leaders, representatives from key non-governmental organizations, and Rotary International leaders will all address the group. There will also be a separate youth program for Rotaractors and high-school age students. (NOTE: UN building tours are not available on Saturday, so those interested in this should do so on Friday morning.)

Advance registration is necessary by October 23 for security reasons, however since we had to turn away folks last year, I suggest you do this ASAP. To register for the Canada day, please email me your complete name and address at: rotary@teamvincent.com

Saturday meeting registration can be done on line at: www.eventbrite.com/event/383749806

Cost is US\$37.50, which includes a box lunch.

Accommodation is expensive in NYC. There are more economical hotels across the river about a 30-minute bus ride away. Many stay at the Quality Inn in Lyndhurst, NJ and save over \$100 per night.

Join me at the United Nations, meet our Canadian UN Ambassador and celebrate Rotary's role in the development of the UN back in 1945. It will be an exciting experience. Rotarians, family members and friends are all welcome.

For more information, I can be reached at rotary@teamvincent.com or (519) 537-3753.

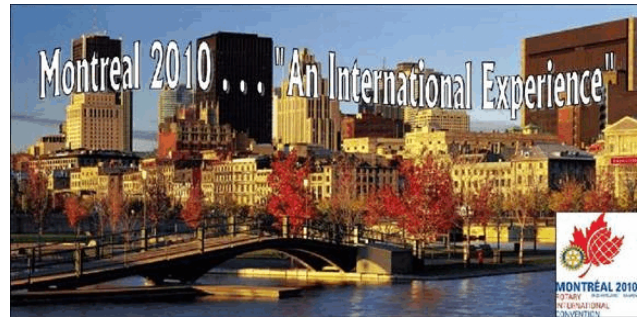

Hoping you are having a wonderful summer.
Doug V.

It is not too early to consider attending the next Rotary International Convention in Montreal, Canada. Even though it is 10 months away — June 20-23, 2010 -- choosing a hotel and registering with RI NOW is a good idea! Many of the close-by hotels and motels are already booked full. This convention promises to be one of the best attended ever. And having it right here in North America makes it very convenient for us Michigianians. Montreal is a very exciting city to visit and to bring your families along to enjoy the wonderful sights.

By participating in a RI convention, you'll gain a broader appreciation of Rotary's global impact and strengthen your commitment to service. You will have the overwhelming experience of meeting and making new friendships with Rotarians from all over the Rotary world — friendships that, in many cases, last a lifetime!

Here are some other great reasons to attend a convention:

- **Service projects.** Find out how fellow Rotarians developed their service projects by visiting club and district project booths. You can also partner with other Rotarians in an international project or exchange.
- **The Rotary Foundation.** Learn more about PolioPlus and other foundation programs during plenary sessions and workshops that show how Rotarians take humanitarian action and promote peace and understanding throughout the world.
- **Club administration.** Attend a special workshop for incoming presidents and the presidents-elect luncheon, where you can meet and exchange ideas with fellow leaders.

Your club might want to consider ALL of you going to this convention. There ARE group room rates. And think about the possibility of taking a train, or a bus, or caravanning by car for a wonderful road-trip experience. What fun and camaraderie! Let us work to make District 6380 have the most attendees! Go to www.rotary.org and click on the Montreal Convention icon to learn how to register and to book rooms. Need help? Contact Jan Loch at pdgmerle@aol.com

A Vision for Clean Water

Introduction to Rainwater Harvesting

This workshop offers basic instruction on the concept and technology of rain water harvesting for domestic use and how it fits into the overall picture of appropriate rural and urban water supply in developing countries. An overview will also be given on the application and implications of rainwater harvesting for us here in the greater Detroit area. Topics to be addressed include the following:

- rainwater quality
- water supply and demand
- rain water harvesting technology
- basic construction, operation and maintenance of roof and ground catchments
- social, economic and environmental considerations

DATE: **September 19, 2009**
COST: **\$15, doors open at 8:00 a.m.**
TIME: **8:30 a.m. to 12:30 p.m.**
Location: **Boys and Girls Club of Troy
3670 John R Rd
Troy, MI 48083**

Please RSVP to
ehasley@avisionforcleanwater.org

Sponsored by A Vision for Clean Water and
Rotary Club of Troy, MI

Presented by:

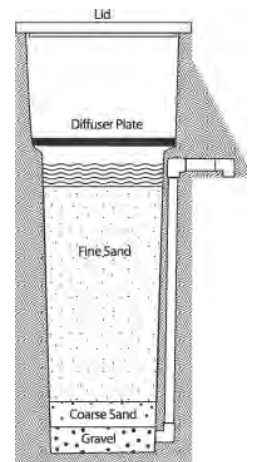

Supported by Rotary Club of Troy Michigan

A Vision for Clean Water

Project Implementation for the Biosand Filter Workshop

This four day workshop will offer instruction and hands-on experience for participants in the construction of all components of the filter, including concrete containers, sand media, diffuser basins and lids. Participants will gain a clear understanding of the rationale behind the filter design, how to install it and how to instruct householders on its correct usage.

The workshop also explores the relationship between water and health in developing countries. Participants will gain a fundamental overview of water quality, hygiene, sanitation, disease transmission, household water treatment options, and safe water storage. As well, participants will discover how to successfully plan and implement a biosand filter project.

DATE: **September 15 –18, 2009**
COST: **\$500**
PLACE: **456 E. 14 Mile, Madison Heights, MI**
TIME: **8:00 AM to 5:00 PM**

Brighton Rotary Club

On behalf of the United Way Day of Caring, the Brighton Rotary Raiders, Brad (a Fenton Rotarian), and Brighton High School Interact students participated in a 30-foot ramp build for a disabled senior citizen on August 20. Here are a few photos reflecting the hard work from start to finish. The ramp turned out wonderful and the senior couldn't thank us enough. He has been wheelchair housebound and trying to get the ramp built for two years. For two years he could only leave if someone carried him in and out of his home.

Brighton Rotary was informed the Fenton and Harland Rotary clubs are interested in a joint ramp build effort. A recipient has been identified and the details are in the works.

After the ramp was built, the Brighton Rotary's Family of Rotary met up again that evening, and were then bussed to a Detroit Tigers game that evening for a little fun. It

was truly a great day and evening. I walked up and down the aisle of the bus peddling beverages and raised \$120. Ron Cleveland, a Seattle native, challenged the Tigers fans to a little wager and raised another \$200 for the Brighton Rotary Foundation Fund.

As a Good Deed Doer community service project we also purchased and delivered \$600 worth of backpacks and school supplies that were delivered to Livingston Educational Service Agency for distribution to students in need. They distributed 1,800 backpacks full of supplies on August 20.

Queen of Rotary's Coronation Ceremony

The first ever Coronation of a Rotary Queen was held recently at the Community Center in Brighton. Lori Lalama was crowned, and she greeted her subjects at her first meeting as club president.

You may view the whole ceremony on www.youtube.com when you type in Brighton Rotary or Queen of Rotary. The complete ceremony is well worth watching.

We may soon find that other Queens of Rotary will also want to have a coronation ceremony to celebrate their first day on the job as a club president. After the fanfare of the celebration ended, Queen Lori and her subjects in the club quickly got down to the realm's business activities.

The club is working on their many community and international projects, but they enjoyed their brief holiday from their normal routine when their Queen was crowned.

Best wishes for a royal good Rotary year to the Brighton Club.

**Dexter Rotary Club
Playhouse Winner**

Judy Merkel couldn't believe the phone call. She won! After many years of buying tickets, Judy and Joe Merkel of Chelsea won the highly prized Dexter Rotary Playhouse. Even before the playhouse was delivered, Judy purchased playhouse furniture so here grandchildren could use it right away. Judy and friends were on hand to watch the delivery of the playhouse on a sunny clear afternoon, August 20, after an anxious morning caused by severe local rains. She's looking forward to lighting a playhouse Christmas tree and watching it from the house during the winter.

This year's playhouse, a Victorian cottage, modeled after the original St. Joseph Church Rectory on Dover Street, drew record number of ticket buyers. The playhouse was built by Rotary club members using materials donated by local area businesses.

The Dexter Rotary Club (www.rotarydexter.org) is dedicated to our community providing funds and volunteer services for education, youth, community and social programs. This includes scholarships for Dexter High School Students, tree planting, civic improvements, and support to local social service organizations. We are also proud members, supporters and participants of Rotary International programs including polio eradication throughout the world.

For further information e-mail Steve Feinman at sfeinman@mindspring.com

CLUB NEWS

●**METRO DETROIT ROTARACT:**
This club is officially chartering August 30. Congratulations to all the charter members of the group, and we welcome you to the District 6380 family of Rotarians. This is a group that young adults ages 18 to 30 can apply for membership in. It provides an opportunity for members to be of service to others and enjoy the fellowship of others who share the ideals of Rotaract.

●**DEXTER:** A new Interact club is forming this fall and being sponsored by the Dexter Rotary Club at Dexter High School. Thank you for your efforts in getting this great group of high school students started on the road to Service Above Self.

●**MOUNT CLEMENS:** Concerning past president Bob Lee . . .

*FROM Sarah Lee-Ellena
ellenafamily@gmail.com*

God has answered our prayers. Brother Bob received his new liver August 2 in a seven-hour operation at Henry Ford downtown.

The liver is working beautifully with good blood flow. He was in ICU at Henry Ford for a several days and a rehab facility. At one point he was on dialysis and it was thought he might need a kidney transplant. But he recovered on his own, went off of dialysis and did not need the kidney.

The donor gave all of his organs (not sure it was a male) to different recipients. Please pray for his family and the ones who were gifted with life through this courageous family's decision. In a few months I will invite the Gift of Life to speak at Rotary, along with Bob, and explain how we can all get on the registry to donate our organs when our time comes.

*A great weight has been removed from our shoulders.
Bob's new birthday is August 2.*

THE HARTLAND ROTARY CLUB
celebrated its chartering at Waldenwoods on August 12. It was a festive gala, and District 6380's newest club was given a warm welcome and was properly toasted and launched. PRID Mike Johns, from Cleveland, Ohio, was the keynote speaker. Club president Mike Horan received the official RI charter from PDG Stan Sherman. Club member Lois Halstead received her Rotary pin from Mike Johns.

Note of Sympathy . . .

We were saddened to learn of the death of Paul Benson's dad in Florida on August 22. Mr. Benson was 90 years old, and he had been quite ill for some time, so Paul and his family were sad to lose their dad, but they are glad that he is no longer living through a difficult illness. They are comforted knowing that he is now at peace. Paul is a past president of the Berkley club, and he is currently the District Membership Chair. Our thoughts are with Paul and his family.

Farmington Rotary Club Honors Polio Survivors

On July 11, the Farmington Rotary Club honored polio survivors from their area at a reunion hosted by Botsford Commons Senior Living Community. The building pictured was one of the original buildings and part of the former Michigan Hospital School located on the site. The hospital treated children with polio and other debilitating illnesses.

PolioPlus

Wayne State University's Walter P. Reuther Library Director Michael O. Smith led a team of archivists in cataloguing photographs and memorabilia from those affiliated with the early hospital. The collection will provide a unique glimpse of life at the Farmington children's hospital. Attendees represented the years 1929 - 1954, and came from as far as Long Beach, California and Plano, Texas. The opportunity for the survivors to explore the building where they lived during treatment and share their stories was an emotional experience for all who attended.

One of the highlights of this event was when Ginger Barrons, Farmington Rotary Club's End Polio Now chair presented each survivor with an End Polio Now lapel pin on behalf of the Farmington Rotary Club. The survivors expressed deep appreciation to the club for their efforts in helping to eradicate polio.

On February 14, Ginger kicked off the club's End Polio Now Friends fundraiser. The club rewards a commemorative lapel pin to anyone who donates \$10 to their friends' fundraiser. The club hopes to give away 1,000 pins and has now reached the half way point in their fundraising efforts. Anyone wishing to obtain a pin or help with the clubs fund-raisers can find information at www.farmingtonrotaryclub.org

Your District PolioPlus Committee co-chairs Keith Koke and Ginger Barrons want to assist you in helping Rotary meet the Bill and Melinda Gates \$200 million Challenge. Please keep us informed on your clubs' fundraising events so that we can share the information throughout the district. Together, we will get to the finish line and a polio free world!

Yours in Rotary Service,
PDG Keith and Ginger

Sun, success shine on Rotary Club's Dual-a-thon

By Monica Drake
Review Intern

It was a dark and stormy morning. At least that's how the day began on Saturday, July 11. Still, nearly 75 participants showed up to take part in the Lake Orion Rotary Club's Dual-a-thon, which was sponsored by Main Street Bicycles in Oxford.

Event registration was wet and dreary, but just as the dual-a-thon was set to start the sun began peeking out of the clouds and the rain abruptly halted.

The dual-a-thon started and finished at Atwater Park in Lake Orion and consisted of a 5K run, 20K bicycle section and another 5K run.

The money raised at the dual-a-thon will be donated to Beds for Kids.

Greg Partamian, who helped put on the dual-a-thon this year and who represented Crittenton Hospital, said "A lot of families are hurting right now, and kids are sleeping on floors."

Money will also be donated to the PolioPlus project, which aims at eradicating polio from the earth.

"Water, literacy, health and hungry issues are star points of Rotarians to work toward in their motto of Service above Self," said Peggy Bartz, past president and participant in the dual-a-thon.

If you would like to learn more about the Lake Orion Rotary, visit lakeorionrotary.org.

(Below) Teens Halle Matthews and Lauren Oberhein took part in the biking division of the dual-a-thon.

(Above) Ed Sosnowski, Paul and Sandra Leonard, Brian Frost and Nina Calderon, members of the Infinite Multisport Triathlon Club, came to take part in the dual-a-thon on Saturday.

(Above, right) Amber begins the 20K bike ride.

(Right) Glenn rides past a supportive audience while biking 20K.

(Left) Mark passes the 5K mark, finishing the first part of the race before mounting his bike.

Photos by Monica Drake

On your mark, get set, go! Participants take off on the 5K run.

Saline Rotary Club Hosts Family from Panama

They arrived in the middle of the night on July 23. Milagros (Millie) Flores (age 2½) and her aunt, Yisel Lopez came to Michigan through a joint arrangement with Gift of Life New England, Panama Gift of Life, The University of Michigan Cardiovascular Center and The Saline Rotary Club.

Millie and her twin sister, Brigitte, were born three months premature and each had heart defects. Brigitte received open heart surgery in Boston in February, but Millie had more serious heart defects and required surgery at the University of Michigan Medical Center in Ann Arbor.

Saline Rotarians took on hosting responsibilities, with Rotarian Theresa Likert handling the majority of the arrangements. Rotarian Likert arranged for transportation, lodging and coordinating Saline Rotarians to accompany Millie and Yisel to all of their appointments.

Rotarian Likert had this to say, "Being the host family and coordinator of this mission was one of the most rewarding and enlightening events of my life. It was truly amazing how three people who speak different languages could bond and become friends so quickly and easily. Yisel commented several times how Millie normally takes a bit to warm up to people but it was amazing how she quickly connected with me! Yisel and Millie often referred to us as her angels. I feel extremely honored to have been involved with this project and thank Gift of Life and Rotary for allowing me the opportunity."

Yisel spoke very limited English, so communication was difficult initially. The hospital provided a translator for all doctor visits, but we were on our own otherwise. Yisel met Anna in the hospital's chapel and Dan Foss from Children's Orchard Corporate Headquarters connected us with Amy Cruz who is a Gift of Life liver recipient from Puerto Rico, both of whom acted as our day-to-day translators. These two angels visited every day to be sure Yisel and Millie were comfortable and eased any concerns.

Millie underwent open-heart surgery on July 29 to repair four defects and had minor follow-up surgery on July 31. She was discharged to stay with Yisel at Ronald McDonald House on August 7 to await her post-surgical follow-up appointment.

Millie and Yisel visited the Saline Rotary Club at their August 13 meeting and thanked the club for all their support during their stay. It was an opportunity for the rest of the club members to meet this special family.

After her follow-up appointment on August 18 she was cleared to return home to Panama and we sent them home with our love and hope for a speedy recovery. Millie arrived home in Panama to rejoin the rest of her family. Tom Ford, the Panama Gift of Life liaison had this to say upon their return to Panama, "Yisel's first remark was 'Oh what wonderful people, they treated us so well!'"

Millie back in Panama: This was the first project of its kind that Saline Rotarians had undertaken and it proved to be rewarding to all involved. We are grateful to the Gift of Life organizations, U of M Cardiovascular Center, Mott Children's Hospital and Ronald McDonald House for all of their support while this family was in their care.

The Saline Rotary Club would like to thank Rotarian Mario Romero from the Ann Arbor Sunrise Rotary Club for his help and support and also Dan Foss from Children's Orchard Corporate Headquarters for his \$100 gift certificate to Children's Orchard so Millie and her siblings could purchase new clothes.

Saline Rotary President Becky Pazkowski had this to say, "This was an example of how Rotarians can work together for the greater good no matter where in the world they are. It is also a testament to how one person's kindness (Theresa Likert) can make a remarkable difference in someone's life. There were several Saline Rotarians involved in Millie's and Yisel's visit, but it was because of Theresa Likert that they were accepted in our community.

I was personally charmed by both Millie and Yisel, even though I couldn't speak a lick of Spanish. It didn't seem to matter . . . smiles, inflections, and hugs are universal! I am so glad that we could be a part of Millie's journey to health."
