

Rotary International
District 6440
Completed
International Service Project Summary

Club: Elk Grove Village

Project Name: Borivali Public Toilet

Location: Borivali India

Total Project Cost (if multiple funding sources, please identify club costs and total project cost):\$10,000
(\$3750.00 was a district 6440 Grant)

Project Time Completion: Approximately 8 months

Summary of Project: Because of our local knowledge and contact, with our member Arun Goyal, we were able to link up with the Borivali Rotary Club to build a public toilet facility near the local transit hub, where no public facilities exist.

We coordinated the payment, and the local club supervised the building of the toilet. Photos, local press and a dedication ceremony were shared with us and the local residents.
