

Rotary International
District 6440
Current or Planned
International Service Project Summary

Club: Lake in the Hills & District 6440

Project Name: Aquaponics Project

Location: School in Bunnamweri, in the area of Mpigi Uganda

Estimated Project Cost: \$7,500

Project Time Completion: Jan to Feb, 2019

Summary of Project: The project will involve building an aquaponics system at the school for raising Tilapia and vegetables. The project includes installation of solar power equipment to operate the aquaponics system and fencing the project area in for safety of the school children. Side projects are being developed. Scope of project may be modified.

Project will be implemented in partnership with the Rotary Club of Mengo (Kampala Uganda)

If Looking for Partners or Participants in the Project, Identify Needs: Project currently has limited space open for participants to work onsite at the project.
