

WEEK 2 FOUNDATION MINUTE – JUMPSTARTING SUCCESS

July's summer doldrums and lazy days are upon us just as our new Rotary club leaders take office and begin to implement their plans. With the enforced diligence of social-distancing, club leaders have the time to assess their club's health and measure its local and global Rotary Footprint. Rotary Foundation reports will be available shortly, measuring last year's Foundation giving and creating the starting point for this year's activities. Maintaining consistent giving throughout the Rotary year spreads the financial support for humanitarian service effortlessly.

Many clubs depend on the generosity of only a few members to sustain their local and global projects – but the healthiest clubs are those where support is widespread. Is this the year your club becomes an EREY club, with 100% participation at \$25/quarter? If your club was a 100% Paul Harris club years ago, is this the year to renew that designation? Are there Paul Harris Fellows in your club who donated once, but haven't given in a while? Now is the time to decide if your club will make an extra effort this Rotary year. Suggest Rotary Direct to make this easier!
