**Proudly Sponsored by the
Chapleau Rotary club**

The Rotary Club of Chapleau has partnered with the Township of Chapleau, to bring an ice fishing challenge ["My Catch App" Covid-safe Ice Fishing Tournament] managed by Angler's Atlas to the community.

Anglers can participate for a small \$20 entry fee. There will be prizes awarded based on the number of participants. Please note that this is a service to the community and NOT a fundraiser for the Rotary Club of Chapleau. This means that proceeds will not be reinvested in our community, but as a club, we wanted to offer a COVID-19 friendly activity for residents, especially given the impact the pandemic has had on our daily lives.

The Rotary Club of Chapleau is making things a little more interesting. There will be four (4) \$500 prizes available to Chapleau anglers: one prize for the longest fish in each category (pike, walleye, yellow perch and trout)! That's an extra \$2000 in prizes for Chapleau anglers, along with the

prizes awarded to winners in all participating communities!

Should local businesses or organizations wish to join the Rotary Club of Chapleau in sponsoring local prizes, contact [Luc](#) or [Natalie](#) Tessier.
