

## Five Counties Children's Centre

Five Counties Children's Centre helps children with physical, communication and developmental problems. They work with children and adolescents, along with their families and the community, to strengthen their abilities and promote their participation as active members of the community.

At the Centre they have a team approach; the family is the key member of this team. This family-centred approach provides quality service in a supportive environment.

For more information about the Five Counties Children's Centre:

- [Five Counties Fast Facts](#)
- [Five Counties Children's Centre website](#)

Five Counties Children's Centre hopes that by working together with local Rotary Clubs they can enhance their ability to meet the needs of children and youth with special needs and their families in the Five Counties area, including Peterborough, Lindsey and Haliburton. They have identified several ways in which Rotarians can support the Children's Centre. Please click here for a full list of their current needs by area:
