

Potential Environmental Projects for clubs with or without Environmental Committees to consider undertaking on their own or in partnership with local organizations.

Clean-up Initiatives

- ✓ Roadside and Park cleanups
- ✓ Scrap metal collection (could be a fundraiser)
- ✓ Deep clean up campaigns in ravines and wasteland
- ✓ *Don't Idle Your Vehicle* campaign (may be municipal bylaw)

Pollinator Gardens

- ✓ Sponsor and install Pollinator Gardens on public lands
- ✓ Encourage homeowners to plant more flowers to provide nectar for Bees and Butterflies
- ✓ Encourage homeowners to reduce the amount of lawns around their homes and replace them with pollinator friendly gardens – [LawnShare Campaign](#)
- ✓ Plant Milkweed seeds to provide the only food source for Monarch Butterfly caterpillars
- ✓ Encourage spring and fall plant exchange within community

Composting

- ✓ Advocate for city composting
- ✓ Provide composting information for homes
- ✓ Encourage restaurants, food processors, institutions to set up compost collections

Community Gardens

- ✓ Promote the creation of community garden in communities. A way for people without garden to grow food on public land
- ✓ Provide workshops for the community on how to grow vegetables in your garden
Provide workshops for the community on how to grow vegetables in your garden

Invasive species

- ✓ Inform landowners about them and organize outings to slow down their spread.
