Directors, present and past District Governors, successful past Club Presidents and those with experience in special areas. Each new faculty member has had extensive training, as well as involvement in various periodic reorientation programs.

The results of course evaluations help the Institute improve the course content and delivery.

MISSION STATEMENT

The Rotary Leadership Institute is a grassroots, multi-district leadership development program whose mission is to strengthen Rotary clubs through quality leadership education.

“Why do we need a leadership institute?”

Rotary needs a constant influx of leaders as club officers change each year. It is difficult at the club level to learn enough about the exciting world of Rotary. New members struggle to quickly gain the knowledge that long time members take for granted. Furthermore, leadership skills in voluntary organizations are often different from those you possess in your careers. It is important that club leaders take every opportunity for education because the success or failure of our clubs depends on the quality of its leaders.

Learn to be a leader for all walks of your life!
