Rotary 

**END  
POLIO  
NOW**

## **Join with Rotary to promote the power of vaccines to protect children and save lives**

During World Immunization Week, 24-30 April, let's advocate for polio eradication and the importance of vaccines to the health and well-being of our communities.

Vaccines are one of the greatest advances of modern medicine. They're safe, effective, and save millions of lives each year. Our progress in the fight to end polio is proof that vaccines work.

The Global Polio Eradication Initiative estimates that the polio vaccine has saved more than 20 million children around the world from paralysis. **We need to continue vaccinating children against polio, because as long as the poliovirus circulates anywhere, it is a threat everywhere.**

Here's how you can support Rotary's efforts during World Immunization Week:

- Use the [World Immunization Week Toolkit](#) for graphics and sample posts to share on social media with the hashtags #EndPolio and #VaccinesWork.
- [Donate](#) to PolioPlus to help Rotary and our partners deliver polio vaccines to vulnerable children. Or start an online fundraiser using [Raise for Rotary](#) and share it with your friends, colleagues, and family members. All contributions will be matched 2-to-1 by the Bill & Melinda Gates Foundation.

Rotary districts can give [District Designated Funds \(DDF\)](#) to PolioPlus to help meet our goal of raising \$50 million each year to eradicate polio.
