

2 January 2023

Rotarians, Rotaractors, Interactors, Earlyactors and Family of Rotary, welcome 2023. My husband Dennis and I wish you and your family the best for the coming year.

The new year brings with it a season of reflection. We look back at the great strides we have made as Rotarians and the many accomplishments our clubs have achieved. The excitement associated with the remainder of this Rotary year is contagious. We are concentrating our efforts on completing the good work we have started. Sky is the limit and many of you are exceeding the standards.

It is with humility that I add, the club's innovation and creativity have expanded our reach by benefitting our communities, beyond the norm. "Infinite Possibilities" are abundant. With deep pride I say that we have set the bar and are doing well in District 7020. There is no doubt our progress will continue. I am grateful and indeed thank you for all you do.

January is Vocational Service Month. We anxiously await the various engagements that Rotarians will participate in to advance Rotary's cause. The District will provide a survey to get your ideas and concerns reference the "gap". We must prepare the next generation for the jobs/careers that are required for a productive and successful workforce. Please participate.

I look forward to seeing you and rewarding our clubs at the District Conference 2023 here on St. Croix, USVI, in May. Keep moving people of action, it's going to be a great year. "Imagine Rotary"

Yours in Rotary Service.
