

***DAF #118 – The Fritz Lafontant learning Center***

**MIREBALAIS**

-- This would provide the setup and first year of operating expenses for a new Vocational School in Cange, Haiti

-- Will serve about 60 students

-- Total Cost is \$99,850

- The DAF feels this project is out of the scope of our priorities for Earthquake Relief as it is primarily for operating expenses but is definitely supportive of the need and the project.
