

***DAF #74 – Ecole Nationale Fraternite de Vieux-Bourg d’Aquin***

AQUIN

--Rebuilding a school with nine classrooms

--Total Cost of \$93,377.37

- DAF is committed to \$93,177.37
- Local Club \$200

This project is underway and could use additional funding

However, we are also re-evaluating the scope and will have to expand to the third building of the school. The Probability is that we will need another \$25,000
