

***DAF #94 –Building three footbridges to allow students to get to school***

**ARTIBONITE**

--To provide three footbridges for the students to be able to get to school. They will continue building other bridges in Haiti over and above these three

--Total cost is \$406,500

- DAF has committed to \$95,000
- Bridges to Prosperity \$265,000
- Virginia Tech Student Engineering \$38,000
- The Rotary Club of Blacksburg \$5,000
- Partners in Health \$3,500

This project is funded but could use additional funding. It is now underway
